SUBJECT: Application for the Probation Specialized Supervision Grant from the California Emergency Management Agency

County Counsel Concurrence

As to form: N/A

Auditor-Controller Concurrence

As to form: N/A

Other Concurrence: N/A

Recommended Actions:

That the Board of Supervisors:

- A) Authorize the Chief Probation Officer to submit an application for the Probation Specialized Supervision Program Grant from the California Emergency Management Agency (Cal EMA) for the period October 1, 2010 through September 30, 2011 in the amount of \$100,000.

Summary Text: Utilizing federal Violence Against Women Act (VAWA) Services Training-Officers-Prosecutors (STOP) Grant funding, Cal EMA has released a request for proposals for the Probation Specialized Supervision Program (PSSP). Selected applications will be funded for one year, with the potential to receive an additional two years of continuation funding. The purpose of the PSSP is to enhance or create specialized units within probation departments in California to intensively supervise small caseloads of violent offenders including domestic violence, dating violence and stalking. Should Santa Barbara County be selected for grant funding, the matter will be brought back before the Board for authority to accept the funds and the necessary budget revision request.

Background: The Probation Department proposes to re-fund a previously unfunded Deputy Probation Officer (DPO) to provide Enhanced Electronic Supervision (EES) for Domestic Violence (DV) offenders. The DPO will utilize Global Positioning System (GPS) technology to enhance the supervision of probationers on existing DV caseloads countywide. The target population will be probationers who have shown a propensity/history for violent acts against spouses, cohabitants, family members or those in a dating relationship. This program will

augment the supervision presently provided by the five specialized DV caseloads in the three regional offices (two in Santa Barbara, two in Santa Maria and one in Lompoc) to allow the highest risk, most violent offenders to be more closely monitored.

The EES–DV officer will work in tandem with the regularly-assigned DV caseload officer. Shared responsibilities will include the development of case plans and increased community supervision, which will facilitate the ability to hold each offender to a higher level of accountability in areas such as treatment program attendance, drug and alcohol testing, the pursuit of educational and/or employment goals, and compliance in meeting financial obligations. Benchmarks will be identified and reassessments will include review of the offender’s progress toward each case plan objective. Moreover, increased field work in conjunction with an alternative work schedule will allow for more frequent contact with the victim(s) and other family members in those instances where the offender continues to reside with the victim. Enhanced supervision with the GPS component will enable the creation of exclusion zones to restrict the probationer’s movements from areas that would promote illegal conduct, and better protect the victim in cases of stalking, retaliation and unauthorized contact.

Fiscal and Facilities Impacts:

Budgeted: No

Fiscal Analysis:

Narrative:

The grant will provide \$100,000 to fund the salary and benefits of the assigned DPO. The grant requires a 33% match, which can be cash or in-kind. Indirect cost calculated per the Auditor Controller approved indirect cost rate will be reported as match and exceed the match requirement. The Probation Department’s General Fund Contribution will not increase as a result of applying for or accepting this grant. Cal EMA anticipates that successful applicants will be funded for three years. Funding for the first year is available; however, funding for subsequent years is dependant on the inclusion of appropriation in the budget for subsequent fiscal years and is not currently guaranteed.
