SUBJECT: Statement of Final Quantities, Notice of Completion for the Construction of Arroyo Burro Beach Park Trash Enclosure Improvements, Project No. D40025; Second Supervisorial District

Recommendation(s):

That the Board of Supervisors:

- A. Review and approve the Statement of Final Quantities for Arroyo Burro Beach Park Trash Enclosure Improvements project.
- B. Accept the Notice of Completion of the project and direct the Clerk of the Board to Record.

Alignment with Board Strategic Plan: The recommendations are primarily aligned with actions required by law or by routine business necessity.

Executive Summary and Discussion: This construction project under contract with R. Burke Construction was completed on July 7, 2005 and involved the demolition, removal and reconstruction of the existing trash staging area (adjacent to Brown Pelican Restaurant) and the main solid waste / dumpster storage area adjacent to Cliff Drive. The solid waste holding areas are now fully enclosed to exclude rodents and birds and will include a roof to minimize storm runoff into and from the enclosure areas. The concrete flooring of the enclosure areas has been re-constructed to drain into a catch basin area that contains and filters the water. A connection from the catch basin areas to the sanitary sewer system, which includes a grease trap, was installed to eliminate the runoff from entering nearby Arroyo Burro Creek.

Mandates and Service Levels: No mandates or impact to service levels with this action.
