Why doesn't anybody talk about low income senior housing I live at the Golden Inn Village in Santee and is it's despicable here staff being the Santa Barbara County Housing Authority lies to us steals from us Rona Barrett has developed a click here with the help of Anna widely they get special things food Ronas written people checks they get one bedroom apartments over studios I think we're all abused here but pretty much most just submit or Roll over as my sheriff friend tells me The police are here quite often they know what goes on here
