Summary Text:

The California Community Corrections Act of 2009 (Senate Bill 678 [SB678]), and 2011 Public Safety Realignment Act (Assembly Bill 109 [AB109]), also known as Realignment, assist in funding services for the adult supervised population, the realigned population, and pretrial services. Services include cognitive behavioral treatment (CBT), drug and alcohol treatment services, residential withdrawal management, employment development skills, subsidized employment, clean and sober housing, inpatient residential alcohol and drug treatment remote alcohol monitoring, enhanced outpatient treatment services and related recovery and re-entry services for a dual diagnosis population. The services for the adult supervised population recommended in these Agreements and related expenditures were endorsed by the Executive Committee of the Community Corrections Partnership (CCP) and included in the County's FY 2022-2023 Public Safety Realignment Act Plan which was approved by the Board of Supervisors on May 3, 2022. There are no proposed changes to the SB678 strategies at this time. Associated services and outcomes were reviewed by the CCP on April 1, 2022.

Background:

SB678 provides funding to probation departments based on achieved reductions in the failure rate of adult felony probationers. The State defines a failure as an adult probationer who was sent to state prison for a revocation of probation, as well as adult felony probationers sent to state prison for a conviction of a new felony offense. The CCP reviews local SB678 services and outcomes each year.

Realignment transferred responsibility for specified lower level inmates and parolees from the California Department of Corrections and Rehabilitation (CDCR) to counties. This change was implemented on October 1, 2011. The CCP in each county is required to develop a Public Safety Realignment Act Plan for the subject population. Santa Barbara County's FY 2022-2023 Public Safety Realignment Act Plan, as developed by the CCP and endorsed by the Executive Committee of the CCP, was approved by the Board of Supervisors on May 3, 2022. The services for the realigned population and pretrial clients recommended in these Agreements and related expenditures were included in the County's FY 2022-2023 Public Safety Realignment Act Plan.

Execution of the Good Sam Agreement will provide evidence-based services to adult felony probationers and Realigned offenders. Good Sam will provide evidence-based drug and alcohol group services, Recovery Oriented System of Care (ROSC) group services, pretrial services navigators, clean and sober housing, and residential withdrawal management beds.

Execution of the CSI Agreement will provide services to adult felony probationers and Realigned offenders. Specifically, CSI will provide Batterer's Intervention Program (BIP), Cognitive Behavioral treatment (CBT), and reentry support services in Santa Maria and Santa Barbara.

Execution of the CADA Agreement will provide services to adult felony probationers and Realigned offenders. Specifically, CADA will provide evidence-based drug and alcohol group services, CBT, ROSC group services, residential drug and alcohol treatment.

Execution of the Sanctuary Agreement will provide services to adult felony probationers and Realigned offenders. Specifically, Sanctuary will provide enhanced outpatient treatment services and related recovery and re-entry services for a dual diagnosis population.

Execution of the SCRAM of California Agreement will provide services for adult clients, including those on pretrial supervision. Specifically, SCRAM of California will provide Secure Continuous Remote Alcohol Monitoring (SCRAM) services that includes equipment, installation and removal of equipment, monitoring, and support for adult clients.
