TO: Board of Supervisors

FROM: Bernice James
Treasurer-Tax Collector

STAFF CONTACT: Tom Parsai, Ph.D., Investment Manager
568-2496

SUBJECT: Treasurer's Investment Pool, 2002-2003 Fourth Quarter (April-June)

Recommendation(s):

That the Board of Supervisors:

Accept for filing the 2002-2003 Fourth Quarter (April-June) report on the Treasurer's Investment Pool.

Alignment with Board Strategic Plan:

The recommendation(s) are primarily aligned with actions required by law or by routine business practice.

Executive Summary and Discussion:

As presented on Page 10, the value of the Treasurer's Pool at cost on June 30, 2003, was \$747 million and \$3.18 million in Directed Investments. Market value of the pool was \$752 million. The weighted average days to maturity for the pool was 852 days.

It is the policy of the Santa Barbara County Treasurer to invest public funds in a manner which provides the maximum security of principal invested with secondary emphasis on achieving the highest yield while meeting the daily cash flow needs of the investment pool participants and conforming to all applicable State statutes and County resolutions governing the investment of public funds.

During the fourth quarter of the 2002-2003 fiscal year the economy remained weak. Consumer spending showed no sign of picking up, and unemployment rate remained high. This means that there is a very little chance of a rate hike in the foreseeable future. In fact Fed Chairman, Alan Greenspan, has signaled that the Fed is not likely to tighten monetary policy for a long time to come.

The Auditor-Controller will conduct the required quarterly compliance testing and the results will be submitted to your Board under a separate cover.

Mandates and Service Levels:

This quarterly report is being submitted to you as required by Government code 53646(b).

Fiscal and Facilities Impacts:

For the quarter ending June 30, 2003, interest earnings achieved by the pool were \$5.48 million, with the County receiving 41%, Schools 49%, and Special Districts the balance of 10%, as shown on Chart 5.

The yield for the quarter was 2.63%. This is higher than the State of California Local Agency Investment Fund (LAIF) by 86 basis points. This translates into \$1.8 million of additional income for this quarter alone. Recurring Performance Measure #12 for the Treasurer-Tax Collector-Public Administrator, of earning a rate of return at least 10 basis point higher than LAIF, has been achieved for each of the four quarters to-date in fiscal year 2002-03.

Special Instructions:

Send Minute Order to Bernice James, Treasurer-Tax Collector

cc: Auditor-Controller
