Architect

If you are now, or have ever been employed by the County of Santa Barbara, please list the department in which you worked, your title, and the dates you were employed.

I have never been employed by the County of Santa Barbara.

Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I was born in Santa Barbara, growing up on Ashley Rd. in Montecito. I feel the need to give back to the community. Having witnessed the evolution of Montecito I feel it is my time to help protect the quality of life and semi rural charter of Montecito. I am concerned about Architecture that is not neighborhood compatible, and the proliferation of ADU's and other State mandated development, and increasing traffic. I feel my skill set will best serve the community by becoming a member of the Montecito Board of Arcitectural Review. My experience as part of the community and as a local architect include design of several dozen homes in Montecito over the last 30 years. I have worked closely with the County of Santa Barbara on each Montecito project, in both Coastal and Inland areas. I am very familiar with the zoning ordinance(Article 4), and the constraints of building in the Montecito. My experience as a frequent applicant and experience sitting on other review boards uniqly qualify me.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

My education includes an under graduate degree in Environmental Design ('81) from the University of Colorado in, and a Master of Architecture from the University of Washington ('87). I continue to serve on the Hope Ranch Board of Architectural Review, and have served there for 12 years. I served on the Ennisbrook Design Review Board as consulting Architect from 2014 to 2016. I have presented well over a hundred homes to local review boards, I understand the process, and the challenge that board members and applicants face.
