

Fire Hazard Severity Zones – Unincorporated LRA
Case No.
Board of Directors Hearing Date:
June 3, 2025 Attachment A

**ATTACHMENT A: AN ORDINANCE ADOPTING FIRE HAZARD SEVERITY ZONES
WITHIN THE LOCAL RESPONSIBILITY AREAS IN THE UNINCORPORATED
AREAS OF THE COUNTY OF SANTA BARBARA**

ORDINANCE NO. 5258

AN ORDINANCE OF THE COUNTY OF SANTA BARBARA IN THE JURISDICTIONS OF THE SANTA BARBARA COUNTY FIRE DISTRICT TO DESIGNATE FIRE HAZARD SEVERITY ZONES IN LOCAL RESPONSIBILITY AREAS AS REQUIRED BY THE STATE OF CALIFORNIA PURSUANT TO GOVERNMENT CODES 51178 AND 51179.

Case No.

The Board of Directors of the Santa Barbara County Fire Protection District ordains as follows:

SECTION 1:

- (a) The Santa Barbara County Fire Protection District, is a “local agency” as defined in Government Code section 51177(e).
- (b) The Santa Barbara County Fire Protection District, as the “local agency” providing fire protection within the local responsible area has designated additional areas previously designated by the State Fire Marshal as Very High Fire Hazard within the unincorporated areas of the County.
- (c) As a result of the reduction in the Fire Hazard Severity Zones in the local responsibility area from the OSFM map, shown in Exhibit A, in the unincorporated areas of the County, the fire chiefs, fire marshals and their respective planning agencies met to discuss the inclusion of areas designated in the 2008 LRA FHSZ maps, shown as Exhibit B, into the 2025 LRA FHSZ maps. Utilizing our respective CWPPs, our local knowledge of the area and the evacuation challenges, and data from the draft Santa Barbara Foothill Traffic Study in Attachment E to the Board Letter dated June 3, 2025, we recognized the areas within the 2008 LRA FHSZ boundary would be challenged with any resulting evacuation.
- (d) The District hereby designates areas not identified as Very High Fire Hazard Severity Zones by the State Fire Marshal, as Very High Fire Hazard Severity Zones following a finding supported by substantial evidence in the record by Attachment E to the Board Letter dated June 3, 2025 that the requirements of Government Code **Section 51182** are necessary for effective fire protection within the area to properly mitigate risk through defensible space, adequate access, and addressing future housing density.
- (e) The District hereby designates the areas identified by the Santa Barbara County Fire Protection District in Exhibit B as Very High Fire Hazard.
- (f) The map, approved by the District, is hereby incorporated by reference, and entitled “Santa Barbara County Unincorporated LRA Fire Hazard Severity Zones.”

Fire Hazard Severity Zones – Unincorporated LRA
Case No.
Board of Directors Hearing
Date: June 3, 2025
