To all concerned,

As we can see the beginning of what is supposed to be a much worse rainy season that last year has begun. I am reaching out to see if a any laws or ordinance was passed yet to rescue the two hundred plus horses trapped in living hell yet?

please make this a priority.

Respectfully,  
Danielle Loveall

Dear Chair Williams and Honorable County Board of Supervisors:

Disability Rights California (DRC) respectfully submits the attached letter and requests the Board to defer implementation of California Senate Bill 43, as permitted by that legislation. Please reach out to Eric Harris, Director of Public Policy, at [Eric.Harris@disabilityrightsca.org](mailto:Eric.Harris@disabilityrightsca.org) or by phone at (916) 504-5940 should you have any questions.

If you would like this letter in an accessible Word format, please reach out to [Jenny.olson@disabilityrightsca.org](mailto:Jenny.olson@disabilityrightsca.org).

Thank you for your consideration.

Best Regards,

Jenny Olson  
*Senior Executive Assistant on behalf of Eric Harris*

Dear County Supervisor,

I write to express my strong support to improve racial justice and prioritize humane treatment for justice-involved people in our County. I respectfully but firmly call on you to reallocate our criminal justice budget to advance transformational changes:

Permanently reduce Sheriff's Department funding to support a long term average jail population of approximately 550.

Reduce general funding for our Sheriff's Department by up to \$26.7 million and 165 FTEs to bring our Sheriff Department budget in line with comparable counties.

Reduce Sheriff's Department funding for traditional policing that doesn't reduce recidivism. Reallocate funds to community-based diversion and alternatives to jail, including more funds for the Behavioral Wellness Department to provide non-jail alternatives for mental health and addiction needs. Reallocate funds to support transition planning for jail residents returning to our community.

Increase funding for the Public Defender Department to expand holistic advocacy and culturally competent staff to improve advocacy across the racial/ethnic spectrum.

Reallocate funds to County CEO to expand and centralize data collection and analytics. Require Departments to provide evidence-based data for programs to reduce recidivism.

Offer a grant to the Sheriff's Department to expand jail internet and volunteer access -- including the award winning Freedom to Choose program that reduces recidivism.

Rethink plans for \$28M to refurbish the South County Jail. Reduce footprint to about 200 jail beds. Repurpose funds to build transitional housing to help stabilize eligible jail residents' re-entry into our community. Build a separate assessment center to screen and divert those who are appropriate for community-based alternatives.

Fund seed money to study a possible Civilian Oversight Commission to help assure Sheriff Department transparency and accountability, and deter police misconduct.

Transformational change requires courage. I will watch for you to vote for big change now. The commissioned KPMG studies and we, the people, will support you in this.

Sincerely,  
JamesCrope

**Subject:** Deny Exxon trucking project - Upcoming Board of Supervisors Meeting  
**Categories:** Public Comment

Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.

Dear Santa Barbara County Board of Supervisors,

I urge you to deny this dangerous project as recommended by the Santa Barbara Planning Commission.

In addition to the significant and unavoidable risks of spills from trucking the oil, the purported benefit of producing oil from the offshore platforms and processing it on the Gaviota coast would bring with it unacceptable risks of offshore oil spills, air pollution and toxic fire and smoke risks that were not analyzed in the EIR, which focused narrowly on trucking impacts.

The recent oil spill off of Orange County underlines the severity of these risks. In addition, ExxonMobil's facilities were the largest sources of air pollution in the county and contained dangerous and toxic materials in an area that has burned by wildfire twice in the 6 years since the facilities have been shut down. We were fortunate that oil and dangerous gases were not present at the site during the recent Alisal fire, which burned onto ExxonMobil's property.

It is not just that the trucking routes are along sections of road with above average accident rates, there have been specific and recent instances of oil tankers on this route spilling oil into rivers and starting fires. In fact, on October 11 -- the same day as the Alisal fire -- an oil tanker crash near Orcutt caused a fire in Eucalyptus trees.

Thank you for denying this dangerous and unacceptable oil trucking project.

Sincerely,

Leonie Terfort
