

**Subject:** La Purisima Resort-March 24 Agenda

Members of the Board of Supervisors:

Please allow a study to consider a land use change for La Purisima Golf Course. It is considered one of the best golf courses in the USA. People would come to enjoy the golf course, the wine country, the ocean, and the pastoral delights of this region. Lompoc is a beautiful area waiting to be discovered and enjoyed. Thank you for your consideration.

Sincerely,

Michael McGinnis
