Recommended Actions:

That the Board of Supervisors:

- a) Approve and authorize the Chair to execute the First Amendment to the Agreement with Thomas Gallaway Corporation dba Technologent to provide Hardware Maintenance for a total contract amount not to exceed \$96,532.16 for the period of November 1, 2020 through October 31, 2021; and
- b) Determine that the activity is not a "Project" subject to California Environmental Quality Act (CEQA) review per CEQA Guideline Section 15378(b)(5), since the activity is an organizational or administrative activity of government that will not result in direct or indirect physical changes in the environment.

Summary Text:

This item is on the agenda in order to authorize and approve the First Amendment to the Agreement with Thomas Gallaway Corporation dba Technologent (Technologent) to provide Hardware Maintenance for a total amount not to exceed \$96,532.16 for the period of November 1, 2020 through October 31, 2021. The billing will be invoiced in two six-month installments. The total contracts with Technologent exceeds the aggregate \$200,000 threshold, therefore requiring this Board Contract.

This Agreement allows the Department of Social Services (DSS) to continue its post-warranty storage, server, and networking hardware maintenance services. This contract allows DSS’s computer systems hardware to remain compliant with data security, backup and disaster recovery procedures.

Background:

It is critical that DSS computer systems hardware continue to work efficiently and effectively in order to continue to provide vital services to the community that maintain the health, improve the economic security, and protect the safety of our clients. All DSS programs rely on computer systems functioning to provide these vital services. This contract will provide the needed equipment and service to ensure that those systems are functioning properly. Technolgent has been delivering technical and maintenance support, implementing system solutions, and providing consulting services for DSS since 2011. Technolgent is the maintenance reseller of Park Place Technologies and Dell EMC Pro Support Plus for Enterprise, the post-warranty storage, server, and networking hardware maintenance services needed and operated by DSS. Technolgent has worked with DSS to mitigate continued support in anticipation of the approval of the expired hardware maintenance contract.

Performance Measure:

Performance shall be measured by Technolgent’s resale partner’s response time criteria as outlined in the Agreement, EXHIBIT A, Statement of Work.

Fiscal and Facilities Impacts:

Budgeted: Yes

Fiscal Analysis:

<u>Funding Sources</u>	<u>Current FY Cost:</u>	<u>Annualized On-going Cost:</u>	<u>Total One-Time Project Cost</u>
