11. INTEREST: Please explain why you are interested in serving on the Workforce Development Board. I oversee a community college as the Interim Superintendent/President and we provide Career Technical Education and Workforce Development as well as Adult Education.

12. EXPERIENCE: Please describe any relevant experience, qualifications, affiliations, or resources you would bring to the Board.
I have 25 years working in community colleges as a faculty member, overseeing a workforce development center, running CalWORKS programs and working with the Strong Workforce Program in the California Community colleges. I have help Small Business Developments Centers get established in communities, served on chambers of commerce, work with employers to meet their needs and have a broad experience in connecting education to business.

13. REGIONAL WORKFORCE: What do you think are the critical workforce issues in our region? Why?

First, there appears to be no industry and Santa Barbara is dependent on tourism and small innovative businesses. There is a lack of vertical integration, and a need to develop more middleclass jobs with a livable wage. We have a group of underemployed community members that have the capacity to do higher level work without needed skills and education. I believe that Santa Barbara City College can and should help fill the gaps.
