Summary Text:

The above referenced contract is on the agenda to request an amendment to the Good Samaritan Shelter (Good Sam) Agreement to update language to add additional Medi-Cal certified sites to deliver alcohol and drug Outpatient, Intensive Outpatient and Residential Treatment Services. Approval of the recommended actions will allow Behavioral Wellness to enhance network adequacy to deliver mandated substance use disorder services for clients needing care.

Background:

The Santa Barbara County Department of Behavioral Wellness (BeWell) provides a continuum of mental health and substance use disorder services to Santa Barbara County residents, in part through contracted providers including Community-Based Organizations (CBOs). BeWell has contracted with Good Sam (BC 19-152) to deliver Alcohol and Drug Program services from December 1, 2018 through June 31, 2021.

Good Sam provides outpatient alcohol and other drug treatment to adults, TAY (ages 18 through 24) and perinatal clients at their Santa Maria and Lompoc sites for either OS ASAM Level 1 and/or Intensive Outpatient Services (IOS) ASAM Level 2.1 services, along with Case Management, Drug Testing, Medication Assisted Treatment and Physicians Consultation services. They also provide Residential Treatment Services Drug Medi-Cal ASAM Level 3.1 and 3.2, which is Withdrawal Management services for non-perinatal and perinatal adults (age 18 and older) clients in both Lompoc and Santa Maria. Through SAPT and CalWorks funding, Good Sam provides housing services to perinatal and parenting clients in their Residence Recovery Centers in Lompoc and Santa Maria and mild to moderate counseling services for work preparedness. Good Sam also provides mental health services, shelter beds and mental health clinician services.

The Third Amended Agreement seeks to update the Medi-Cal certified sites due to recent approvals by the State to deliver alcohol and drug Outpatient, Intensive Outpatient and Residential Treatment Services.

Contract Renewals and Performance Outcomes:

Currently, there is no outcome data to report for our DMC-ODS providers because the DMC-ODS program is a pilot program recently established by DHCS. New performance indicators have been set and Be Well will be monitoring the outcomes of Good Sam on a quarterly basis.

Fiscal Analysis:

Narrative: The above-referenced contract is funded by State and Federal funds. The funding sources are included in the FY 18-19 and 19-20 Adopted Budget. For FY 20-21 the budget is contingent on Board approval.

Key Contract Risks:

As with any contract funded by State and Federal sources, there is a risk of future audit disallowances and repayments. Behavioral Wellness contracts include language requiring contractors to repay any amounts disallowed in audit findings, minimizing financial risks to the County.
