January 26<sup>th</sup>, 2014

Honorable Santa Barbara County Supervisors:

My name is Jose Ramos. I'm a resident of Santa Barbara County and have lived in Lompoc for 16 years. I believe that these fields should stay open because we are the citizens who elected you. We are the majority of Santa Barbara County and we want to keep these positive recreation fields open and available for public use.

The recreation at the Mosby fields has never been a problem for any of the neighboring agriculture fields. The location of the Mosby soccer fields are the most logical area for soccer fields because they are right next to River Park.

The Mosby recreation fields are much better use of the land than before Riverbend soccer fields are right next to agriculture fields, why can't the Mosby soccer fields be treated equally here?

Sincerely,

Jose Ramos

My name is Bricio Chavez. I've been a resident of Lompoc Valley for 20 years. These fields are the safest, most flat, and most well taken care of recreation fields in the Lompoc area. The Mosby recreation fields are much better use of the land than the use before.

Riverbend soccer fields are right next to agriculture fields, why can't the Mosby soccer fields be treated equally here? Riverbend soccer fields are only separated by a bob-wired fence from agriculture land. I'm concerned that our soccer league, Liga De Lompoc, is prejudicially being attacked. # Mosby Recreation Fields

January 26<sup>th</sup>, 2014

Honorable Santa Barbara County Supervisors:

My name is *Oscar Lopez* I'm a current Lompoc Valley resident. I believe that these fields should remain open because The Mosby recreation fields are very important for the Lompoc area.

The recreation at the Mosby fields has never been a problem for any of the neighboring agriculture fields. The activity partaken at these fields have been nothing but peaceful and fun for us.

We are the citizens who elected you. We are the majority of Santa Barbara County and we want to keep these positive recreation fields open and available for public use. The recreation at the Mosby fields has never been a problem for any of the neighboring agriculture fields.

Many fields we've played soccer at in other counties such as the soccer fields in Nipomo, Atascadero and San Luis Obispo are right next to AG fields. People are allowed to recreate and entertain themselves in wine tasting room all over this county boarding agriculture fields, why can't we be allowed to play soccer adjacent to agriculture fields.

The location of the Mosby soccer fields are the most logical area for soccer fields because they are right next to River Park. We need these soccer fields.

Sincerely, *Oscar Lopez*

My name is Eddie Velazquez. I'm a resident of Santa Barbara County and have lived in Lompoc for 17 years. I believe that these fields should stay open because We are the citizens who elected you. We are the majority of Santa Barbara County and we want to keep these positive recreation fields open and available for public use.

The recreation at the Mosby fields has never been a problem for any of the neighboring agriculture fields. Unfortunately, there are not enough good and safe recreation fields in the Lompoc area or the Santa Barbara County. These fields are the safest, most flat, and most well taken care of recreation fields in the Lompoc area.

The Mosby recreation fields are much better use of the land than the use before. Riverbend soccer fields are right next to agriculture fields, why can't the Mosby soccer fields be treated equally here?

Sincerely ,

Eddie Velasquez

To whomever this may concer:

I am writing this letter in support of Mr. Mosby and his property. I believe that what he is doing on his property not only allows hundreds of people to enjoy sports and family activities, but also help to keep out local youth off the streets and focused on safe sports. Personally, I have been a part of the Lompoc Amateur Soccer league for over 15 years. I am proud to say that I have been a part of the league since its beginnings. My father and his brothers, along with other family members were part of a team long time ago, and that is how my involvement in the league began. This of course helped me and other local youth practice safe sports activities. The soccer league has moved to many local parks around the city. We have had matches at Beatie Park, Lompoc Valley Middle School, Lompoc and Cabrillo High Schools and the River Bend Park. For many reasons we have not been able to find a permanent, safe and place until now. Before arriving to Mr. Mosby's property, we played at the cities River bend Park. Sadly the city would not maintain, and at times would refuse to maintain the soccer field in a safe condition for us to play in and for this reason we chose not to play there anymore. Thankfully Mr. Mosby gave us the opportunity to play at his property and here we feel welcomed and safe.

Me and my 4 brothers are now part of this league and along with our family and friends now have a place in which we can come and enjoy safe soccer. I have been a Coach in this league for the past 4 years and along with the other coaches attempt to teach the youngsters not only how to improve in their soccer skills, but also teach them values and respect. Where would our youth be if this complex closed? How would they make use of their time? Where else would they find a SAFE environment? These are all questions that I ask myself. I hope that this property can continue to be open to the public. I honestly think that we would not find another place like this in our city.

X
