

ATTACHMENT 10: WASTE MANAGEMENT PLAN

WASTE MANAGEMENT PLAN

AUTUMN BRANDS LLC

Autumn Brands will ensure all waste is managed pursuant to CCR § 5054, § 8108, § 8308, and in compliance with Division 30 of the Public Resources Code. All cannabis waste activities will be reported in the track and trace system and documented pursuant to CCR § 8400, § 8405, and § 8406 to ensure cannabis waste is identified, weighed, and tracked while on the premises and when disposed of. No cannabis goods will be disposed of until rendered cannabis waste in accordance with CCR § 5000 (g), and cannabis goods intended for disposal will remain on the premise until rendered cannabis waste. To be rendered cannabis waste for proper disposal under Public Resources Code section 40192, cannabis goods are removed or separated from any packaging or container and rendered unrecognizable and unusable. Autumn Brands will never empty vape cartridges of cannabis oil prior to disposal, provided that the vape cartridge itself is unusable at the time of disposal. All cannabis waste will be disposed of in secure waste receptacles in secured areas on the premise that are solely accessible by Autumn Brands personnel and the following waste haulers:

Name of Agency: Marborg Industries
