Subject: Crown Castle Project

LATE
DIST

To Whom it May Concern:

Dear County Supervisors,

I would like to express my appreciation that Crown Castle has re-designed their "antenna system" project for the Montecito area and has permanently eliminated the site of **Mon #17** which had a direct impact on my Romero Canyon property.

I read about this decision in the Agenda Letter for the upcoming July 1st supervisors' meeting.

Thank You,
Jennifer Larkin
