6. INDEPENDENT CONTRACTOR

It is mutually understood and agreed that CONTRACTOR (including any and all of its officers, agents, and employees), shall perform all of its services under this Agreement as an independent contractor as to COUNTY and not as an officer, agent, servant, employee, joint venturer, partner, or associate of COUNTY. Furthermore, COUNTY shall have no right to control, supervise, or direct the manner or method by which CONTRACTOR shall perform its work and function. However, COUNTY shall retain the right to administer this Agreement so as to verify that CONTRACTOR is performing its obligations in accordance with the terms and conditions hereof. CONTRACTOR understands and acknowledges that it shall not be entitled to any of the benefits of a COUNTY employee, including but not limited to vacation, sick leave, administrative leave, health insurance, disability insurance, retirement, unemployment insurance, workers' compensation and protection of tenure. CONTRACTOR shall be solely liable and responsible for providing to, or on behalf of, its employees all legally-required employee benefits. In addition, CONTRACTOR shall be solely responsible and save COUNTY harmless from all matters relating to payment of CONTRACTOR's employees, including compliance with Social Security withholding and all other regulations governing such matters. It is acknowledged that during the term of this Agreement, CONTRACTOR may be providing services to others unrelated to the COUNTY or to this Agreement.

7. STANDARD OF PERFORMANCE

CONTRACTOR represents that it has the skills, expertise, and licenses/permits necessary to perform the services required under this Agreement. Accordingly, CONTRACTOR shall perform all such services in the manner and according to the standards observed by a competent practitioner of the same profession in which CONTRACTOR is engaged. All products of whatsoever nature, which CONTRACTOR delivers to COUNTY pursuant to this Agreement, shall be prepared in a first class and workmanlike manner and shall conform to the standards of quality normally observed by a person practicing in CONTRACTOR's profession. CONTRACTOR shall correct or revise any errors or omissions, at COUNTY'S request without additional compensation. Permits and/or licenses shall be obtained and maintained by CONTRACTOR without additional compensation.

8. DEBARMENT AND SUSPENSION

CONTRACTOR certifies to COUNTY that it and its employees and principals are not debarred, suspended, or otherwise excluded from or ineligible for, participation in federal, state, or county government contracts. CONTRACTOR certifies that it shall not contract with a subcontractor that is so debarred or suspended.

9. TAXES

CONTRACTOR shall pay all taxes, levies, duties, and assessments of every nature due in connection with any work under this Agreement and shall make any and all payroll deductions required by law. COUNTY shall not be responsible for paying any taxes on CONTRACTOR's behalf, and should COUNTY be required to do so by state, federal, or local taxing agencies, CONTRACTOR agrees to promptly reimburse COUNTY for the full value of such paid taxes plus interest and penalty, if any. These taxes shall include, but not be limited to, the following: FICA (Social Security), unemployment insurance contributions, income tax, disability insurance, and workers' compensation insurance.

10. CONFLICT OF INTEREST

CONTRACTOR covenants that CONTRACTOR presently has no employment or interest and shall not acquire any employment or interest, direct or indirect, including any interest in any business, property, or source of income, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. CONTRACTOR further covenants that in the performance of this Agreement, no person having any such interest shall be employed by CONTRACTOR. CONTRACTOR must promptly disclose to COUNTY, in writing, any potential conflict of interest. COUNTY retains the right to waive a conflict of interest disclosed by CONTRACTOR if COUNTY determines it to be immaterial, and such waiver is only effective if provided by COUNTY to CONTRACTOR in writing.

11. OWNERSHIP OF DOCUMENTS AND INTELLECTUAL PROPERTY

COUNTY shall be the owner of the following items incidental to this Agreement upon production, whether or not completed: all data collected, all documents of any type whatsoever, all photos, designs, sound or audiovisual recordings, software code, inventions, technologies, and other materials, and any material necessary for the practical use of such items, from the time of collection and/or production whether or not performance under this Agreement is completed or terminated prior to completion. CONTRACTOR shall not release any of such items to other parties except after prior written approval of COUNTY.

Unless otherwise specified in Exhibit A, CONTRACTOR hereby assigns to COUNTY all copyright, patent, and other intellectual property and proprietary rights to all data, documents, reports, photos, designs, sound or audiovisual recordings, software code, inventions, technologies, and other materials prepared or provided by CONTRACTOR pursuant to this Agreement (collectively referred to as "Copyrightable Works and Inventions"). COUNTY shall have the unrestricted authority to copy, adapt, perform, display, publish, disclose, distribute, create derivative works from, and otherwise use in whole or in part, any Copyrightable Works and Inventions. CONTRACTOR agrees to take such actions and execute and deliver such documents as may be needed to validate, protect and confirm the rights and assignments provided hereunder. CONTRACTOR warrants that any Copyrightable Works and Inventions and other items provided under this Agreement will not infringe upon any intellectual property or proprietary rights of any third party. CONTRACTOR at its own expense shall defend, indemnify, and hold harmless COUNTY against any claim that any Copyrightable Works or Inventions or other items provided by CONTRACTOR hereunder infringe upon intellectual or other proprietary rights of a third party, and CONTRACTOR shall pay any damages, costs, settlement amounts, and fees (including attorneys' fees) that may be incurred by COUNTY in connection with any such claims. This Ownership of Documents and Intellectual Property provision shall survive expiration or termination of this Agreement.

12. NO PUBLICITY OR ENDORSEMENT

CONTRACTOR shall not use COUNTY's name or logo or any variation of such name or logo in any publicity, advertising or promotional materials. CONTRACTOR shall not use COUNTY's name or logo in any manner that would give the appearance that the COUNTY is endorsing CONTRACTOR. CONTRACTOR shall not in any way contract on behalf of or in the name of COUNTY. CONTRACTOR shall not release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the COUNTY or its projects, without obtaining the prior written approval of COUNTY.

13. COUNTY PROPERTY AND INFORMATION

All of COUNTY's property, documents, and information provided for CONTRACTOR's use in connection with the services shall remain COUNTY's property, and CONTRACTOR shall return any such items whenever requested by COUNTY and whenever required according to the Termination section of this Agreement. CONTRACTOR may use such items only in connection with providing the services. CONTRACTOR shall not disseminate any COUNTY property, documents, or information without COUNTY's prior written consent.

14. RECORDS, AUDIT, AND REVIEW

CONTRACTOR shall keep such business records pursuant to this Agreement as would be kept by a reasonably prudent practitioner of CONTRACTOR's profession and shall maintain such records for at least four (4) years following the termination of this Agreement. All accounting records shall be kept in accordance with generally accepted accounting principles. COUNTY shall have the right to audit and review all such documents and records at any time during CONTRACTOR's regular business hours or upon reasonable notice. In addition, if this Agreement exceeds ten thousand dollars (\$10,000.00), CONTRACTOR shall be subject to the examination and audit of the California State Auditor, at the request of the COUNTY or as part of any audit of the COUNTY, for a period of three (3) years after final payment under the Agreement (Cal. Govt. Code Section 8546.7). CONTRACTOR shall participate in any audits and reviews, whether by COUNTY or the State, at no charge to COUNTY.

If federal, state or COUNTY audit exceptions are made relating to this Agreement, CONTRACTOR shall reimburse all costs incurred by federal, state, and/or COUNTY governments associated with defending against the audit exceptions or performing any audits or follow-up audits, including but not limited to: audit fees, court costs, attorneys' fees based upon a reasonable hourly amount for attorneys in the community, travel costs, penalty assessments and all other costs of whatever nature. Immediately upon notification from COUNTY, CONTRACTOR shall reimburse the amount of the audit exceptions and any other related costs directly to COUNTY as specified by COUNTY in the notification.

15. INDEMNIFICATION AND INSURANCE

CONTRACTOR agrees to the indemnification and insurance provisions as set forth in EXHIBIT C attached hereto and incorporated herein by reference.

16. NONDISCRIMINATION

COUNTY hereby notifies CONTRACTOR that COUNTY's Unlawful Discrimination Ordinance (Article XIII of Chapter 2 of the Santa Barbara County Code) applies to this Agreement and is incorporated herein by this reference with the same force and effect as if the ordinance were specifically set out herein and CONTRACTOR agrees to comply with said ordinance.

17. NONEXCLUSIVE AGREEMENT

CONTRACTOR understands that this is not an exclusive Agreement and that COUNTY shall have the right to negotiate with and enter into contracts with others providing the same or similar services as those provided by CONTRACTOR as the COUNTY desires.

18. NON-ASSIGNMENT

CONTRACTOR shall not assign, transfer or subcontract this Agreement or any of its rights or obligations under this Agreement without the prior written consent of COUNTY and any attempt to so assign, subcontract or transfer without such consent shall be void and without legal effect and shall constitute grounds for termination.

19. TERMINATION

A. By COUNTY. COUNTY may, by written notice to CONTRACTOR, terminate this Agreement in whole or in part at any time, whether for COUNTY's convenience, for nonappropriation of funds, or because of the failure of CONTRACTOR to fulfill the obligations herein.

1. **For Convenience.** COUNTY may terminate this Agreement in whole or in part upon thirty (30) days written notice. During the thirty (30) day period, CONTRACTOR shall, as directed by COUNTY, wind down and cease its services as quickly and efficiently as reasonably possible, without performing

unnecessary services or activities and by minimizing negative effects on COUNTY from such winding down and cessation of services.

2. **For Nonappropriation of Funds.** Notwithstanding any other provision of this Agreement, in the event that no funds or insufficient funds are appropriated or budgeted by federal, state or COUNTY governments, or funds are not otherwise available for payments in the fiscal year(s) covered by the term of this Agreement, then COUNTY will notify CONTRACTOR of such occurrence and COUNTY may terminate or suspend this Agreement in whole or in part, with or without a prior notice period. Subsequent to termination of this Agreement under this provision, COUNTY shall have no obligation to make payments with regard to the remainder of the term.
 3. **For Cause.** Should CONTRACTOR default in the performance of this Agreement or materially breach any of its provisions, COUNTY may, at COUNTY's sole option, terminate or suspend this Agreement in whole or in part by written notice. Upon receipt of notice, CONTRACTOR shall immediately discontinue all services affected (unless the notice directs otherwise) and notify COUNTY as to the status of its performance. The date of termination shall be the date the notice is received by CONTRACTOR, unless the notice directs otherwise.
- B. **By CONTRACTOR.** Should COUNTY fail to pay CONTRACTOR all or any part of the payment set forth in EXHIBIT B, CONTRACTOR may, at CONTRACTOR's option terminate this Agreement if such failure is not remedied by COUNTY within thirty (30) days of written notice to COUNTY of such late payment.
- C. Upon termination, CONTRACTOR shall deliver to COUNTY all data, estimates, graphs, summaries, reports, and all other property, records, documents or papers as may have been accumulated or produced by CONTRACTOR in performing this Agreement, whether completed or in process, except such items as COUNTY may, by written permission, permit CONTRACTOR to retain. Notwithstanding any other payment provision of this Agreement, COUNTY shall pay CONTRACTOR for satisfactory services performed to the date of termination to include a prorated amount of compensation due hereunder less payments, if any, previously made. In no event shall CONTRACTOR be paid an amount in excess of the full price under this Agreement nor for profit on unperformed portions of service. CONTRACTOR shall furnish to COUNTY such financial information as in the judgment of COUNTY is necessary to determine the reasonable value of the services rendered by CONTRACTOR. In the event of a dispute as to the reasonable value of the services rendered by CONTRACTOR, the decision of COUNTY shall be final. The foregoing is cumulative and shall not affect any right or remedy which COUNTY may have in law or equity.

20. **SECTION HEADINGS**

The headings of the several sections, and any Table of Contents appended hereto, shall be solely for convenience of reference and shall not affect the meaning, construction or effect hereof.

21. **SEVERABILITY**

If any one or more of the provisions contained herein shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

22. **REMEDIES NOT EXCLUSIVE**

No remedy herein conferred upon or reserved to COUNTY is intended to be exclusive of any other remedy or remedies, and each and every such remedy, to the extent permitted by law, shall be cumulative and in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or otherwise.

23. TIME IS OF THE ESSENCE

Time is of the essence in this Agreement and each covenant and term is a condition herein.

24. NO WAIVER OF DEFAULT

No delay or omission of COUNTY to exercise any right or power arising upon the occurrence of any event of default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Agreement to COUNTY shall be exercised from time to time and as often as may be deemed expedient in the sole discretion of COUNTY.

25. ENTIRE AGREEMENT AND AMENDMENT

In conjunction with the matters considered herein, this Agreement contains the entire understanding and agreement of the parties and there have been no promises, representations, agreements, warranties or undertakings by any of the parties, either oral or written, of any character or nature hereafter binding except as set forth herein. This Agreement may be altered, amended or modified only by an instrument in writing, executed by the parties to this Agreement and by no other means. Each party waives their future right to claim, contest or assert that this Agreement was modified, canceled, superseded, or changed by any oral agreements, course of conduct, waiver or estoppel.

26. SUCCESSORS AND ASSIGNS

All representations, covenants and warranties set forth in this Agreement, by or on behalf of, or for the benefit of any or all of the parties hereto, shall be binding upon and inure to the benefit of such party, its successors and assigns.

27. COMPLIANCE WITH LAW

CONTRACTOR shall, at its sole cost and expense, comply with all County, State and Federal ordinances and statutes now in force or which may hereafter be in force with regard to this Agreement. The judgment of any court of competent jurisdiction, or the admission of CONTRACTOR in any action or proceeding against CONTRACTOR, whether COUNTY is a party thereto or not, that CONTRACTOR has violated any such ordinance or statute, shall be conclusive of that fact as between CONTRACTOR and COUNTY.

28. CALIFORNIA LAW AND JURISDICTION

This Agreement shall be governed by the laws of the State of California. Any litigation regarding this Agreement or its contents shall be filed in the County of Santa Barbara, if in state court, or in the federal district court nearest to Santa Barbara County, if in federal court.

All signatories and parties to this Agreement warrant and represent that they have the power and authority to enter into this Agreement in the names, titles and capacities herein stated and on behalf of any entities, persons, or firms represented or purported to be represented by such entity(ies), person(s), or firm(s) and that all formal requirements necessary or required by any state and/or federal law in order to enter into this Agreement have been fully complied with. Furthermore, by entering into this Agreement, CONTRACTOR hereby warrants that it shall not

have breached the terms or conditions of any other contract or agreement to which CONTRACTOR is obligated, which breach would have a material effect hereon.

Reference: Santa Barbara County Resource Recovery and Waste Management Division (RRWMD) Stormwater Compliance Services for FY 2023-2024

Dear Christina Wilder, P.E.:

Geosyntec Consultants Inc. (Geosyntec) is pleased to continue to provide stormwater technical consulting support to RRWMD related to compliance with the Industrial General Permit (IGP) at the South Coast Recycling and Transfer Station (SCRTS) and the Tajiguas Landfill (Tajiguas) and as-needed as outlined in the tasks below.

Task 1. Project Management and Communication

Geosyntec will provide overall project management for the duration of the one-year contract, including tracking and reporting scope/task, schedule, and budget status; preparing monthly invoices; and e-mail and phone communication with RRWMD. In-person meetings and other requests will be accommodated as the budget allows.

Task 1 Budget: \$12,600

Assumptions:

- Communication includes monthly one-hour meetings (total of 12) with RRWMD staff.

Task 2. IGP Reporting and Technical Support at SCRTS

This task covers the following IGP requirements:

- **Level 2 ERA Technical Report Update (if needed):** Depending on NAL exceedances during the 2023/2024 rainy season, a Level 2 Exceedance Response Action (ERA) Technical Report Update may be needed in July 2024. The report will summarize recent site operational and BMP changes, if applicable; recent water quality data; operation and performance of the stormwater diversion tank system and whether each discharge and Numeric Action Level (NAL) exceedance event occurred during storms greater than the 85th percentile 24-hour event (i.e., the IGP design storm); and recommended BMP improvements if necessary.

- **SCRTS SWPPP Updates:** Geosyntec will make as-needed updates to the SCRTS SWPPP, for example, to reflect recent changes to operational areas/activities, BMPs, and/or operational procedures (i.e., maintenance). This task will be limited to minor revisions to the SWPPP text, tables, and maps. Additional requested changes could potentially be accommodated as budget allows.

Deliverables:

- If needed, one draft and one final 2024 Level 2 ERA Technical Report Update (6 – 8 pages), providing two weeks for RRWMD review.
- One draft and one final revised SWPPP.

Task 2 Budget: \$14,100.

Assumptions:

- No additional stormwater samples will be collected in 2022/2023 that would trigger Level 1 ERA Reporting.
- RRWMD staff will perform all monthly visual observations and the annual comprehensive facility evaluation
- No site visits or in-person meetings are assumed but could be provided for an additional cost or may be accommodated as budget allows.
- Budget assumes no sizing analysis, design support, or costing analysis will be needed to evaluate the potential modification of the existing structural storage and diversion system, but these services can be provided for an additional cost or potentially accommodated as budget allows.

Task 3. IGP Reporting and Technical Support at Tajiguas

This task includes the following services and reporting requirements:

- **Revised PFAS Stormwater Report (if needed):** If the regional board requests revisions to the PFAS stormwater report based on 2022/23 sampling, or requests additional monitoring in 2023/24, Geosyntec will prepare an updated report.
- **Level 2 ERA Technical Report Update 2024:** Geosyntec will prepare one Level 2 ERA Technical Report Update to report on the performance of the flocculant BMP demonstration to address prior NAL exceedances of TSS and iron. This report will be submitted with the Annual Report in July 2024.
- **Level 2 ERA Flocculant Support:** To assist with the implementation of previously committed BMP actions to address prior Level 2 NAL exceedances for iron and TSS, Geosyntec will coordinate with a treatment device vendor, select and oversee the implementation of a passive flocculant BMP (e.g., floc logs) during the 2023/2024 rainy season, and develop a sampling plan to assess the effectiveness of and flocculant residual from the new treatment BMP. Selection will be based on cost, available performance data, and passive chemical treatment system requirements in the CGP, which may become incorporated into the revised IGP.

- **Tajiguas SWPPP Updates:** Geosyntec will make as-needed updates to the Tajiguas SWPPP, for example, to reflect recent changes to operational areas/activities, BMPs, and/or operational procedures (i.e., maintenance). This task will be limited to providing minor revisions to the SWPPP text, tables, and maps. Additional requested changes could potentially be accommodated as budget allows.
- **As-needed ReSource Center Support:** Geosyntec will provide technical and regulatory guidance regarding ReSource Center operations. This includes one site inspection of ReSource Center industrial activities and materials, their potential exposure, and associated pollutants to confirm existing pollutant source assessments and monitoring parameters in the SWPPP. This task may also include review of the Tajiguas ReSource Center's monitoring results, BMPs, SWPPP changes, updates related to their compost or wastewater Waste Discharge Requirements (WDR) permits, or supporting Notice of Violation (NOV) responses, as needed and as budget allows.

Task 3 Budget: \$60,300.

Deliverables:

- Revised PFAS Stormwater Report (if needed).
- One draft and one final deliverable Level 2 ERA Technical Report Update (limited to 8 pages each), providing two weeks for RRWMD review.
- One draft and one final revised SWPPP.

Assumptions:

- One site visit is assumed; additional site visits or in-person meetings could be provided for an additional cost or potentially be accommodated as budget allows.
- The cost of the flocculant product is not included. It is assumed that RRWMD will contract directly with the treatment device vendor to purchase and deliver, and County staff will handle installation/placement.
- Laboratory fees for sample analysis are not included. It is assumed that RRWMD will contract directly with an analytical laboratory for these services.
- If additional technical analyses are required to support the ERA Technical Report recommendations/conclusions other than what is described in this scope of work, they will be provided as budget allows, or additional budget authorization may be necessary depending on the complexity of the analyses.

Task 4. Stormwater Sampling

Geosyntec will collect stormwater and surface water samples as required by the following monitoring programs. This task also includes coordinating with the analytical laboratory and equipment rental necessary for monitoring.

- **IGP Compliance Monitoring:** Geosyntec will coordinate and conduct stormwater sampling in accordance with the Tajiguas Sanitary Landfill SWPPP at the compliance monitoring locations for four storm events, conditions permitting.
- **WDR Compliance Monitoring:** Geosyntec will coordinate and conduct stormwater sampling in accordance with the Central Coast Regional Water Quality Control Board (RWQCB) Waste Discharge Requirements (WDR) Order No. R3-2010-0006 for two storm events, conditions permitting. This does not include sediment sampling at the basins, assuming the basins will continue to be cleaned out prior to October 1 each year.
- **PFAS Stormwater Monitoring:** Geosyntec will coordinate and conduct the PFAS stormwater sampling required by the Central Coast RWQCB for three storm events, conditions permitting.

Task 4 Budget: \$29,800.

Assumptions:

- Four storms will be sampled by two Geosyntec staff, and one additional mobilization (i.e., a “false start” or a forecasted rain event that does not materialize into a discharge-producing, sampleable event) is assumed.
- For each storm event, up to 11 stormwater samples, 1 equipment blank, and 1 field blank will be collected and sent for laboratory analysis.
- Up to four hours of coordination each with laboratory and RRWMD staff.
- Laboratory fees for sample analysis are not included. It is assumed that RRWMD will contract directly with accredited analytical laboratories for these services, and Geosyntec will coordinate courier pick-up or shipment of samples.

Task 5. PFAS Laboratory Analysis

Geosyntec will provide support for the PFAS stormwater sampling required by the Central Coast RWQCB and contract with Eurofins in Sacramento. This task covers the analytical laboratory fees for PFAS analyses.

Deliverables:

- Laboratory analytical reports.

Assumptions:

- Three storm events will be sampled.
- For each storm event up to 5 stormwater samples, 1 equipment blank, and 1 field blank will be collected and analyzed.

Task 5 Budget: \$13,900.

Task 6. Data and Reporting Management and Submission Support

Geosyntec will manage the stormwater quality data collected at all three RRWMD facilities that are under the IGP. The estimated budget assumes that RRWMD will provide the electronic data when available and Geosyntec will continue to store the results in the existing database managed by the IMAG team. The data will be processed, and a quality assurance/quality control check will be performed. Geosyntec will provide requested summaries/deliverables as needed and as the budget allows. These deliverables may include annual site-wide average comparisons to applicable NALs or narrative interpretation of data received. This does not include compiling historical monitoring from other data sources (GeoTracker, SMARTS, etc.), but this can be accommodated through the as-needed task if desired and as budget allows.

Task 6 Budget: \$5,500.

Task 7. Miscellaneous As-Needed Support

Geosyntec will also provide as-needed consulting support to County staff regarding miscellaneous IGP, CGP, and/or other Clean Water Act compliance issues at SCRTS, Tajiguas Sanitary Landfill, and Foothill Closed Landfill. For example, to help the County comply with and track nuanced interpretation and emerging issues around industrial stormwater NPDES permit compliance, Geosyntec may be requested to provide updates related to IGP citizen suit activity across the state and region, provide updates related to the planned/pending IGP renewal, provide updates related to PFAS investigative orders and water quality standard development, and/or provide strategic advice regarding stormwater compliance risks presented by the MRF/ADF/CMU operations, their compliance challenges, and their discharges into the County's sediment basins (which comingle County and operator stormwater discharges to Pila Creek). Similarly, County questions may arise regarding sampling plans, interpretation and evaluation of sampling results, ERA planning and BMP recommendations, SWPPP pollutant source assessments, and/or compliance reporting requirements. For any of these or other requests, Geosyntec will be available for site visits, telephone and/or in-person meetings, development of recommendation memoranda, or review of draft County reports, as-requested and as budget allows.

Task 7 Budget: \$16,000

Terms and Conditions

The total estimated costs for the 2023-2024 Stormwater Regulatory Compliance Consulting Services Scope of work described above are: \$152,200.

This proposal is valid for 90 days. Geosyntec continues to appreciate the opportunity to work closely with the RRWMD on these technical projects. Please contact us if you have questions.

Sincerely,

The CONTRACTOR shall furnish evidence of renewal of coverage throughout the term of the Agreement. The COUNTY reserves the right to require complete, certified copies of all required

insurance policies, including endorsements required by these specifications, at any time.

8. **Failure to Procure Coverage** – In the event that any policy of insurance required under this Agreement does not comply with the requirements, is not procured, or is canceled and not replaced, COUNTY has the right but not the obligation or duty to terminate the Agreement. Maintenance of required insurance coverage is a material element of the Agreement and failure to maintain or renew such coverage or to provide evidence of renewal may be treated by COUNTY as a material breach of contract.
9. **Subcontractors** – CONTRACTOR shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and CONTRACTOR shall ensure that COUNTY is an additional insured on insurance required from subcontractors.
10. **Claims Made Policies** – If any of the required policies provide coverage on a claims-made basis:
 - i. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
 - ii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of contract work.
 - iii. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the CONTRACTOR must purchase “extended reporting” coverage for a minimum of five (5) years after completion of contract work.
11. **Special Risks or Circumstances** – COUNTY reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Agreement. CONTRACTOR agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of COUNTY to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of COUNTY.
