To Chairperson Laura Capps and Members of the Board of Supervisors

This is a request for a continuance for Item 1 on your agenda for November 18<sup>th</sup>.

In the past Public Works has worked with the Homebuilders Association (HBA) and local developers to review the updates to the AB 1600 Traffic Fees.

We are requesting the Board direct staff to set up meetings with both Orcutt and Goleta developers, HBA, chambers, and other organizations to review these new fees.

The important issue is to see how these fees will impact the affordable housing projects and future commercial project in both areas.

We hope you will agree that this fee increase needs more review by the community.

Thank you for your consideration on this matter.
