Dear Santa Barbara County Supervisors,

Please direct County staff to draft an oil and gas phaseout ordinance. Phasing out oil production will reduce air pollution, protect our drinking water, safeguard our health, and help meet the County's plan to cut greenhouse gas pollution in half by 2030.

I join the 40+ organizations calling for this phaseout to:

- ✓ **Fix the loophole in the County's Climate Action Plan**
- ✓ **Limit the most climate-damaging oil production**
- ✓ **Improve air quality and health outcomes**
- ✓ **Improve the safety of our drinking water supplies**
- ✓ **Improve road safety and trucking accidents**
- ✓ **Safeguard wildlife and endangered species**
- ✓ **Prevent disasters**
