STATEMENT OF WORK
Vida Nueva Santa Barbara

August 1, 2008 to October 31, 2008

1. **PROGRAM SUMMARY.** The **Vida Nueva Santa Barbara** (formerly SHIA), Assertive Community Treatment (ACT) Model Program, hereafter, “the Program,” is an evidence-based psychiatric treatment, rehabilitation and support service for clients with serious mental illness (SMI) who demonstrate the need for this most intensive level of nonresidential community service. ACT is designed for adults whose symptoms of mental illness cause, or create high risk for, the most substantial levels of disability and functional impairment. The mission of ACT is to assist clients in achieving their recovery and rehabilitation goals, including helping clients to find and keep employment. ACT strives to stabilize clients’ community functioning, prevent or shorten the use of inpatient psychiatric care, and reduce homelessness, involvement with the criminal justice system and other adverse consequences. ACT provides a multidisciplinary team (hereafter ‘the ACT Team’) approach that typically includes a psychiatrist, a mental health professional who serves as the Team Leader, and other staff trained in the areas of social work, nursing, co-occurring substance abuse treatment, rehabilitation and peer support. Contractor’s staff are responsible for providing virtually all needed community services to Program clients. Contractor’s staff are available 24 hours per day, seven days a week, and 365 days per year. Evidence suggests that client recovery outcomes are best accomplished when an ACT service achieves and maintains fidelity to established ACT model program standards. Contractor shall follow the “National Program Standards for ACT Teams” (Allness and Knoedler, revised June 2003) disseminated by the National Alliance for Mental Illness (NAMI). The Program will be headquartered at 22 West Mission Street, Santa Barbara, California.

2. **PROGRAM GOALS.**
 - A. Build relationships with clients based on mutual trust and respect.
 - B. Offer individualized assistance. ACT emphasizes an in-depth process of assessment, carried out over time through listening to and learning about each client’s subjective experiences.
 - C. Adopt a no-reject approach to clients. Clients are not terminated from ACT if they express anger and frustration with current or past services, if they do not “follow the rules,” if they do not “fit in.” Instead, such statements or actions offer an opportunity for staff to learn more about each client and his/her experiences with services, with the effects of mental illness and with general life circumstances.
 - D. Understand and use the strengths of the local culture in service delivery. Assessment, planning and service delivery should be consistent with the resources and practices of each client’s racial and ethnic community.
 - E. Provide continuity across time. The frequency and type of supports can readily be adjusted in response to clients’ changing needs or life situations. As a client’s goals and preferences change, the ACT Team follows along as the client “sets the pace.”

EXHIBIT A-1
STATEMENT OF WORK

Vida Nueva Santa Barbara

August 1, 2008 to October 31, 2008

- F. Use a flexible, non-programmatic approach. ACT staff shall spend most of their time with clients in the community, offering side by side, “hands on” support to clients who may need help to gain greater control and management of their lives. Adhering to the principle of “whatever it takes,” ACT helps prevent mental illness from being the driving force in clients’ lives. Service delivery in office or clinic settings should be minimized.
- G. Operate as a comprehensive, self-contained service, ACT does not refer clients to a variety of different programs. Rather, ACT staff are responsible for providing virtually all of the needed treatment, rehabilitation and support services for clients. If the services of another provider are needed (e.g., medical care), the Team is responsible for making certain that clients receive the needed services.
- H. Consistent with each client’s preferences and wishes, support family members and others with whom the client has a significant relationship, and assure special consideration to the needs of parents with mental illness and their minor children.
- I. Provide services as long as they are medically needed, not based on predetermined timelines.

3. CLIENTS/PROGRAM CAPACITY.

- A. Due to the severity of their symptoms and functional issues, clients enrolled in ACT have significant need for treatment, rehabilitative and support services in order to live successfully in the community and achieve their individual recovery goals. Multiple barriers to successful functioning are common in this group of priority clients and may include: co-occurring substance abuse or dependence, homelessness, unemployment, criminal justice involvement, challenges with illness management, frequent and persistent use of hospital emergency departments as well as inpatient psychiatric treatment, and problems with the legal system.
- B. Contractor shall provide the services described in Section 10 to approximately 60 adults with SMI.

4. ADMISSION CRITERIA. Clients shall be adults aged 18 and over who have:

- A. Mental illness symptoms that seriously impact their ability to maintain community living.
- B. Substantial disability and functional impairment, informed in part, by an assessment of level 3 or 4 on the Level of Care and Recovery Inventory (LOCRI).
- C. Primarily Psychiatric diagnoses of schizophrenia, other psychotic disorders, and bipolar disorders.
- D. One or more of the following related to their mental illness:

EXHIBIT A-1

5. Frequent use of mental health and related services yielding poor outcomes, such as contacts with the criminal justice system, recent housing evictions or frequent use of emergency departments.
6. Need for mental health services that cannot be met with other available community-based services as determined by an ADMHS psychiatrist.
7. High risk of experiencing a mental health crisis or requiring a more restrictive setting if intensive rehabilitative mental health services are not provided.

5. REFERRALS.

- A. Contractor shall admit clients referred by County from County Crisis and Recovery Emergency Services (CARES), CARES Residential, Psychiatric Health Facility, and County Treatment Teams, or sources other than County upon approval by the ADMHS Division Chief.

 2. A client face sheet (Form MHS 140).
 3. A copy of the most recent comprehensive assessment and/ or assessment update.
 4. A copy of the most recent medication record and health questionnaire.
 5. A copy of the currently valid Coordination and Service Plan (CSP) indicating the goals for client enrollment in the ACT and identifying the Contractor as service provider.
 6. Client's Medi-Cal Eligibility Database Sheet (MEDS) file printout will be provided to Contractor in the initial Referral Packet. Thereafter, it will be Contractor's responsibility to verify continued Medi-Cal eligibility.

4. Re-admission of clients previously enrolled in the ACT.

D. **Notice of Discharge.** Contractor shall provide thirty (30) day notice of discharge to any client when the basis for discharge is client behavior, subsequent to approval from the ADMHS Division Chief.

8. STAFFING REQUIREMENTS.

A. Contractor shall adhere to the ACT staffing requirements outlined below.

1. The ACT program shall include qualified clinicians able to meet the cultural and linguistic needs represented in the local community. The Program shall have access to qualified translators and translator services, experienced in behavioral healthcare, appropriate to the needs of the clients served. However, ACT clinical staff persons with linguistic capacity are preferable to translators. In the event ACT must go outside the program for translation, a list shall be maintained of qualified translators to assist in providing this service.
2. In hiring all positions for the team, strong consideration should be given to qualified clients who are or have been recipients of mental health services.

B. The Program shall include a combination of Contractor and County staff which shall form the ACT Team.

C. Contractor shall employ 9.25 FTE, which will work collaboratively with County staff as part of the ACT Team, as follows: 8.5 FTE

1. One (1.0) FTE Team Leader who is the clinical and administrative supervisor of the team, and also functions as a practicing clinician on the ACT Team. The Team Leader has at least a master's degree in nursing, social work, psychiatric rehabilitation, psychology or mental health counseling, or is a psychiatrist. The Team Leader shall have at least 2 years of direct experience treating clients with SMI, including at least one year of program management or supervisory experience in a mental health setting.

The Lead Clinician is to assist the Psychiatrist and Team Leader to provide clinical leadership during the treatment planning meeting, assume assignment of the more challenging mini-team assignments, assist with the provision of side-by-side supervision and work interchangeably with the lead registered nurse. The Lead Clinician will provide support and back-up to the Team Leader in his or her absence.
3. Five (5.0) FTE Personal Service Coordinators who may be bachelor's level and paraprofessional mental health workers. These staff should have

experience working with clients with serious mental illness or related training/work/life experience.

4. One and one-half (1.5) FTE Peer Specialists who are or have been recipients of mental health services for serious mental illness. Peer Specialists provide essential expertise and consultation to the entire team to promote a culture in which each client's subjective experiences, points of view and preferences are recognized, respected and integrated into all treatment, rehabilitation and support services. Peer Specialists participate in all program planning processes and provide direct services in the community that promote client self-determination and decision-making.
5. Three-quarter-time (0.75) FTE Administrative Assistant who is responsible for coordinating, organizing, and monitoring all non-clinical operations of ACT, providing receptionist activities including triaging calls and coordinating communication between the team and clients.

D. County shall employ 1.5 FTE to work as part of the ACT Team, as follows:

1. Half-time (0.5) FTE Psychiatrist who works side-by-side with the Team Leader to oversee the clinical operations of the team, provides clinical services to all ACT clients, works with the Team Leader to monitor each client's clinical status and response to treatment, supervises staff delivery of services, provides side-by-side supervision in the community during routine and crisis interventions and directs psychopharmacologic and medical treatment.
2. One (1.0) FTE Registered Nurse, who works side-by side with the Team Leader and Psychiatrist to ensure systematic coordination of medical treatment and the development, implementation and fine-tuning of the medication policies and procedures.

E. Contractor shall request County approval prior to altering any of the staffing disciplines/specialties or number of staff.

9. **SERVICE INTENSITY/TREATMENT LOCATION/STAFF CASELOADS/HOURS OF OPERATION AND COVERAGE**

- A. **Service Intensity.** Successful ACT initiatives have the organizational capacity to provide multiple contacts per week (flexibly) to clients, based on individual preference and need. These multiple contacts may be as frequent as two to three times per day, seven days per week. Many, if not all, staff shall share responsibility for addressing the recovery needs of all clients requiring frequent contacts. The ACT Team shall provide an average of two to three face-to-face contacts per week for each client.

EXHIBIT A-1
STATEMENT OF WORK

Vida Nueva Santa Barbara

August 1, 2008 to October 31, 2008

- B. Treatment Location.** The majority of Program services (75 percent or more) will occur outside program offices in the community, within the client's life context. The ACT Team will maintain data to verify these goals are met.
- C. Staff to Client Caseload Ratios.** The Program shall operate with a staff to client ratio that does not exceed 1 to 10 (10 clients per one full time equivalent (1.0 FTE) ACT staff member) excluding the Psychiatrist and program assistant. These staff will not carry an individual caseload. Caseloads of individual staff members will vary based upon their overall responsibilities within the team (for example, Team Leader and nurses will carry smaller caseloads).
- D. Hours of Operation and Staff Coverage.**
1. The ACT Team shall be available to provide treatment, rehabilitation and support activities seven days per week, 365 days per year. On weekdays the team shall operate a minimum of 12 hours per day through two overlapping 8-hour shifts. On each weekend day and every holiday the team shall operate for eight hours with at least two staff providing services.
 2. The ACT Team shall operate an after-hours on-call system. Contractor staff experienced in the Program and skilled in crisis-intervention procedures will be on call and available to respond to clients both by telephone and in person. If a physical response is required, staff will arrive no more than 60 minutes from the time of the call.
 3. Psychiatric back up will be available at all times, including evenings, weekends and holidays. If availability of the ACT Team's Psychiatrist during all hours is not feasible, alternative psychiatric back up should be arranged (e.g., mental health center psychiatrist, emergency room psychiatrist).
 4. Contractor shall ensure the Team Leaders shall be available to staff, either in person or by telephone at all times. Contractor shall promptly and appropriately respond to emergent needs and make any necessary staffing adjustments to assure the health and safety of clients;
- E. Team Organization and Communications.**
1. The ACT organizational structure emphasizes a team approach to assure the integration of clinical, rehabilitative and support services. A key to this integrative process is the "team-within-a-team" concept. Through a "mini-team" each client has the opportunity to work with a small core of staff whose overall abilities, specialty skills and personality match the client's interests and goals. This "mini team" interfaces with the larger ACT Team and has responsibility for soliciting and blending in the perspective and analysis of all ACT Team members. Team communications are also essential to delivering an individualized mix of treatment, rehabilitation and support services to each client.

EXHIBIT A-1
STATEMENT OF WORK

Vida Nueva Santa Barbara

2. The overall ACT Team's organization and communication is structured in two major ways – through meetings and documentation, and the protocols for these activities are outlined in the NAMI ACT Standards.
10. **SERVICES.** Contractor shall provide an appropriate combination of services individualized to meet each client's needs and assist them to achieve and sustain recovery. Services offered to Program clients shall be consistent with those described in the "National Program Standards for ACT Teams." Services shall include:

Care management activities are led by one mental health professional on the team, known as the primary care manager. The primary care manager coordinates and monitors the activities of the ACT Team staff who have ongoing responsibility to assess, plan, and deliver treatment, rehabilitation and support services. The primary care manager:
 1. Develops an ongoing relationship with clients based on mutual trust and respect. This relationship should be maintained whether the client is in a hospital, in the community or involved with other agencies (e.g. in a detox center, involved with corrections).
 2. Works in partnership with clients to develop a recovery-focused treatment plan.
 3. Provides individual supportive therapy and symptom management.

 6. Coordinates and monitors the documentation required in the client's medical record.
 7. Advocates for the client's rights and preferences.
 8. Provides the primary support to the client's family.
 - B. **Crisis Assessment and Intervention.** Available 24 hours per day, seven days per week, the ACT Team shall provide telephone and face-to-face contact with clients. Services may be provided in collaboration with the County Crisis and Recovery Emergency Services (CARES), as appropriate, however, CARES shall augment, not substitute for, ACT Team on-call telephone and face-to-face responsibility.
 - C. **Symptom Assessment, Management and Individual Supportive Therapy.** These interventions assist clients to address the distressing and disabling problems associated with psychotic symptoms; help to ease the emotional pain

These activities, which may be carried out by the team psychiatrist, nurses, or other ACT Team staff include:

1. Ongoing assessment of the client's mental illness symptoms and his or her response to treatment.
2. Education of the client regarding his or her illness and the effects and side effects of prescribed medication, where appropriate.

These may include specific cognitive behavioral strategies directed at fostering feelings of self-control.
4. Supportive psychotherapy to address the psychological trauma of having a major mental illness.
5. Generous psychological support to each client, provided both on a planned and as needed basis, to help him or her accomplish personal goals and to cope with the stresses of everyday living.

D. Medication Prescription, Administration, Monitoring and Documentation.

1. All ACT Team members shall work closely with the team Psychiatrist to assess and document the client's mental illness symptoms and behavior in response to medication and shall monitor for medication side effects.

 - a. Facilitate client education and informed consent about medication.
 - b. Record physician orders.

7. Help the client renew the processes of contemplation, determination and action, without being stuck or demoralized because of relapse.
8. Develop connections to self-help groups such as Double Trouble and Dual Recovery programs.

F. **Housing Services and Support.** The Program provides housing services and support to help clients obtain and keep housing consistent with their recovery objectives. Safe, affordable housing is essential to helping clients fully participate in, and benefit from, all other assistance the ACT Team offers. Many clients referred for Program services may be homeless or have unstable living arrangements. It is important for ACT Team staff to be familiar with the availability and workings of affordable housing programs. Affordable housing units or subsidies may be accessed from other agencies and the general public or private housing market. ACT Team staff need to develop and maintain working relationships with local housing agencies from whom housing units, any necessary rental subsidies, and other available housing-related services or resources may be accessed on behalf of clients. Program housing services and support shall include but not be limited to assisting clients in:

1. Finding apartments or other living arrangements.

The Late Penalty shall be assessed separately on each outstanding Annual Cost Report. The Late Penalty shall commence on the ninety-first (91st) day following either the end of the applicable Fiscal Year or the expiration or termination date of this Agreement. 1. INDEMNIFICATION

Indemnification pertaining to other than Professional Services:

Contractor shall defend, indemnify and save harmless the County, its officers, agents and employees from any and all claims, demands, damages, costs, expenses (including attorney's fees), judgments or liabilities arising out of this Agreement or occasioned by the performance or attempted performance of the provisions hereof; including, but not limited to: any act or omission to act on the part of the Contractor or his agents or employees or other independent Contractors directly responsible to him; except those claims, demands, damages, costs, expenses (including attorney's fees), judgments or liabilities resulting from the sole negligence or willful misconduct of the County.

Contractor shall notify the County immediately in the event of any accident or injury arising out of or in connection with this Agreement.

Indemnification pertaining to Professional Services:

Contractor shall indemnify and save harmless the County, its officers, agents and employees from any and all claims, demands, damages, costs, expenses (including attorney's fees), judgments or liabilities arising out of the negligent performance or attempted performance of the provisions hereof; including any willful or negligent act or omission to act on the part of the Contractor or his agents or employees or other independent Contractors directly responsible to him to the fullest extent allowable by law.

Contractor shall notify the County immediately in the event of any accident or injury arising out of or in connection with this Agreement.

2. INSURANCE

Without limiting the Contractor's indemnification of the County, Contractor shall procure the following required insurance coverages at its sole cost and expense. All insurance coverage is to be placed with insurers which (1) have a Best's rating of no less than A: VII, and (2) are admitted insurance companies in the State of California. All other insurers require the prior approval of the County. Such insurance coverage shall be maintained during the term of this Agreement. Failure to comply with the insurance requirements shall place Contractor in default. Upon request by the County, Contractor shall provide a certified copy of any insurance policy to the County within ten (10) working days.

EXHIBIT C

Workers' Compensation Insurance: Statutory Workers' Compensation and Employers Liability Insurance shall cover all Contractor's staff while performing any work incidental to the performance of this Agreement. The policy shall provide that no cancellation, or expiration or reduction of coverage shall be effective or occur until at least thirty (30) days after receipt of such notice by the County. In the event Contractor is self-insured, it shall furnish a copy of Certificate of Consent to Self-Insure issued by the Department of Industrial Relations for the State of California. This provision does not apply if Contractor has no employees as defined in Labor Code Section 3350 et seq. during the entire period of this Agreement and Contractor submits a written statement to the County stating that fact.

General and Automobile Liability Insurance: The general liability insurance shall include bodily injury, property damage and personal injury liability coverage, shall afford coverage for all premises, operations, products and completed operations of Contractor and shall include contractual liability coverage sufficiently broad so as to include the insurable liability assumed by the Contractor in the indemnity and hold harmless provisions of the Indemnification Section of this Agreement between County and Contractor. The automobile liability insurance shall cover all owned, non-owned and hired motor vehicles that are operated on behalf of Contractor pursuant to Contractor's activities hereunder. Contractor shall require all subcontractors to be included under its policies or furnish separate certificates and endorsements to meet the standards of these provisions by each subcontractor. County, its officers, agents, and employees shall be Additional Insured status on any policy. A cross liability clause, or equivalent wording, stating that coverage will apply separately to each named or additional insured as if separate policies had been issued to each shall be included in the policies. A copy of the endorsement evidencing that the policy has been changed to reflect the Additional Insured status must be attached to the certificate of insurance. The limit of liability of said policy or policies for general and automobile liability insurance shall not be less than \$1,000,000, per occurrence and \$2,000,000 in the aggregate. Any deductible or Self-Insured Retention {SIR} over \$10,000, requires approval by the County.

Said policy or policies shall include a severability of interest or cross liability clause or equivalent wording. Said policy or policies shall contain a provision of the following form:

"Such insurance as is afforded by this policy shall be primary and if the County has other valid and collectible insurance, that other insurance shall be excess and non-contributory."

If the policy providing liability coverage is on a 'claims-made' form, the Contractor is required to maintain such coverage for a minimum of three years following completion of the performance or attempted performance of the provisions of this agreement. Said policy or policies shall provide that the County shall be given thirty (30) days written notice prior to cancellation or expiration of the policy or reduction in coverage.

EXHIBIT C

Professional Liability Insurance. Professional liability insurance shall include coverage for the activities of Contractor's professional staff with a combined single limit of not less than \$1,000,000, per occurrence or claim and \$2,000,000, in the aggregate. Said policy or policies shall provide that County shall be given thirty (30) days written notice prior to cancellation, expiration of the policy, or reduction in coverage. If the policy providing professional liability coverage is on a 'claims-made' form, the Contractor is required to maintain such coverage for a minimum of three (3) years (ten years [10] for Construction Defect Claims) following completion of the performance or attempted performance of the provisions of this agreement.

Contractor shall submit to the office of the designated County representative certificate(s) of insurance documenting the required insurance as specified above prior to this Agreement becoming effective. County shall maintain current certificate(s) of insurance at all times in the office of the designated County representative as a condition precedent to any payment under this Agreement. Approval of insurance by County or acceptance of the certificate of insurance by County shall not relieve or decrease the extent to which the Contractor may be held responsible for payment of damages resulting from Contractor's services of operation pursuant to the Agreement, nor shall it be deemed a waiver of County's rights to insurance coverage hereunder.

3. In the event the Contractor is not able to comply with the County's insurance requirements, County may, at their sole discretion and at the Contractor's expense, provide compliant coverage.

The above insurance requirements are subject to periodic review by the County. The County's Risk Manager is authorized to change the above insurance requirements, with the concurrence of County Counsel, to include additional types of insurance coverage or higher coverage limits, provided that such change is reasonable and based on changed risk of loss or in light of past claims against the County or inflation. This option may be exercised during any amendment of this Agreement that results in an increase in the nature of County's risk and such change of provisions will be in effect for the term of the amended Agreement. Such change pertaining to types of insurance coverage or higher coverage limits must be made by written amendment to this Agreement. Contractor agrees to execute any such amendment within thirty (30) days of acceptance of the amendment or modification.
