Reasons to support exemption findings (attach additional material, if necessary):

The Santa Barbara County Board of Supervisors is the responsible agency to execute the Orcutt Community Transportation Improvement Plan (OTIP) The execution of the OTIP is an administrative activity and is not a project by definition. The term project refers to the activity which is being approved and which may be subject to several discretionary approvals by governmental agencies. The term project does not mean each separate governmental approval. Further, the execution of the contract will not create any unusual circumstances which would create a possibility that there would be a significant effect.
