

**ATTACHMENT 1: SANTA YNEZ VALLEY COMMUNITY PLAN LAND USE –
GENERAL DEVELOPMENT STANDARD LUG-SYV-8.11**

DevStd LUG-SYV-8.11 Future applicants for wineries or other odor generators, based on the nature of the operations (Scope and Content of Air Quality Sections in Environmental Documents, July 2007) shall develop and implement an Odor Abatement Plan (OAP). The OAP shall include the following:

- Name and telephone number of contact person(s) responsible for logging and responding to winery odor complaints;
- Policy and procedure describing the actions to be taken when an odor complaint is received, including the training provided to the responsible party on how to respond to an odor complaint;
- Description of potential odor sources (i.e. fermentation and aging processes and the resultant ethanol emissions; odors associated with a fast food restaurant may include cooking and grease aromas);
- Description of potential methods for reducing odors, including minimizing potential add-on air pollution control equipment; and
- Contingency measures to curtail emissions in the event of a continuous public nuisance.

The plan shall be prepared prior to issuance of grading permits. Planning and Development shall review the OAP prior to issuance of grading permits.
