3. BACKGROUND AND OBJECTIVES

The Lempert-Keene-Seastrand Oil Spill Prevention and Response Act was signed into law by the Governor (Chapter 1248, Statutes of 1990, commencing with Section 8670.1 of the Government Code.) This legislation requires that the OSPR be responsible for oil spill prevention, emergency oil spill response, statewide contingency planning, resource damage assessment, and resource rehabilitation and restoration, plus review, approval, and reporting requirements mandated by the Act. Therefore OSPR instituted the LGOSCP Grant Program, a mechanism to ensure these responsibilities are met. The grant funding is provided through the OSPR's subvention grant program for local agencies.

The primary objective for participation in the Coast Guard's Area Contingency Planning process is to assist in the update of the ACP and to ensure consistency between the Federal, State and Local Contingency Plans. Update/revise their LGOSCP and participate in drills, as needed.
