**Recommended Actions:**

That the Board of Supervisors:

- a) Approve and authorize the Chair to execute the attached Statement of Final Quantities for the Road Improvements on West Main Street; County Project No. 862403 in the Third Supervisorial District for work performed and materials supplied by R. Burke Corporation, Inc., (not a local vendor), 865 Capitolio Way, San Luis Obispo CA 93406, in the amount of \$248,274.95; and
- b) Find that the proposed action does not constitute a "Project" within the meaning of the California Environmental Quality Act, pursuant to 14 CCR 15378 (b)(5), in that it is a government administrative activity that will not result in direct or indirect changes in the environment.

**Summary Text:**

This agenda item is to approve the project as constructed and the attached Statement of Final Quantities. On November 6, 2018, your Board awarded the above referenced construction contract to R. Burke Corporation, Inc. and construction began on November 26, 2018. The Director of Public Works accepted this project as completed on December 27, 2018.

**Background:**

This project is part of the FY 2017/18 RdMAP and is located on West Main Street, in the northwestern-most part of the County's right-of-way, west of the City of Guadalupe. Throughout the years, average seasonal rains tend to flood this portion of the road. There has been previous drainage improvements to West Main Street east of this project, but this portion of the road has been slowly degrading from frequent flooding and agricultural runoff. This area is relatively flat with minimal change in elevation, which contributes to pooling and flooding in low areas.

The project removed failed asphalt and raised the roadway profile to allow better drainage. This project reestablished the width of the road to two ten-foot lanes, and raised the roadway elevation 2 to 3 feet.
