Santa Barbara County Board of Supervisors  
County Administration Building  
105 East Anapamu Street  
Santa Barbara, CA 93101

Dear Santa Barbara County Board of Supervisors:

I, Karen Rotondi, Righetti High School Principal, wholeheartedly support the proposed policy initiative to strengthen the existing local laws that regulate the sale and distribution of tobacco products by making them less accessible to children.

Adopting strong flavored tobacco restrictions is an important way to protect our youth from tobacco industry targeting and lifelong addiction. Manufacturers have created 15,500 unique youth-friendly flavored tobacco products in recent years, including e-cigarettes and cigars with flavors such as gummy bear, cotton candy and peanut butter cup. Federal laws ban flavors in cigarettes, excluding menthol, but not in any other tobacco products. Menthol products are disproportionately used by smokers who are young, female, part of a sexual minority, or part of a racial or ethnic minority. Menthol facilitates addiction and disease, and it is imperative for menthol to also be included in a complete flavored tobacco ban.

The tobacco and vape industry spends \$900,000 an hour on marketing and price discounts to lure new and existing users into addiction. Restricting pricing strategies and establishing requirements based on minimum pack and price is another way to prevent predatory pricing and discounting of tobacco products. This would eliminate discounting schemes that encourage consumption, and increase the number of units per package to raise the price of cheap tobacco products, making them less accessible.

The Unincorporated County of Santa Barbara currently has 64 stores that sell tobacco, 6 of which are tobacco only stores. Of these retailers, 13 are within 1,000 feet of a school, which only increases youth exposure to tobacco marketing. In 2019, 49 of these stores were shopped in undercover operations, and 10% of these stores illegally sold tobacco to a minor. Youth who purchase tobacco products from local stores almost always choose flavored tobacco due to their sweet tastes and appealing names.

It is of the utmost importance that something be done to address this issue within our community. I endorse this proposal for the following reasons:

1. Because it is very difficult to detect, student vaping has become rampant on school campuses across our county and the nation.
2. Shows the Santa Barbara County community that our County believes firmly in preventing youth from beginning to smoke and vape.

## “WARRIORS”

*Our vision at Righetti High School is to provide a healthy, safe, and engaging learning environment through relevant curriculum in order to promote academic achievement, college and career readiness, social responsibility, and emotional well-being for all students.*

Karen Rotondi, Principal  
José Iñiguez, Assistant Principal  
Ted Lyon, Assistant Principal  
Gene Rickman, Assistant Principal

We fully support the Santa Barbara County legislation restricting the sale of flavored tobacco, restricting pricing strategies and establishing requirements based on minimum pack and price. This is paramount to the health and safety of Santa Barbara County residents.

Sincerely,

*Karen R. Rotondi*
