**SUBJECT:** Approval of Resolution for Application for Challenge Activities Funding Modification to the Comprehensive Multiagency Juvenile Justice Plan to Augment Funding Under the Juvenile Justice Crime Prevention Act.

---

**Recommendation(s):**

That the Board of Supervisors:

- a. Authorize the Chief Probation Officer, as your lead agent, to submit the Application for Approval to the Board of Corrections in order to obtain Challenge Activities funding in the amount of \$15,000 to augment funding allocated to Santa Barbara County under the Juvenile Justice Crime Prevention Act (JJCPA), from July 1, 2004, through June 30, 2005.
- b. Adopt the attached resolution (Attachment A) authorizing the Chief Probation Officer to sign the grant application for funding including, upon Board approval, application amendments or extensions with the State of California and authorize the Board of Supervisors to enter into the grant contract.
- c. Assure that the County, if awarded funding, will adhere to the California Board of Correction's contract terms and statutory requirements, participate in the collection of the required data, and use grant funding to supplement and not supplant existing programs.

**Alignment with Board Strategic Plan:**

The recommendation is primarily aligned with Goal No. 2, A Safe and Healthy Community in Which to Live, Work, and Visit, and Goal No. 7, A Community that Fosters the Safety and Well-Being of Families and Children.

### **Executive Summary and Discussion:**

Assembly Bill 1913 was signed into law on September 7, 2000, creating the Schiff-Cardenas Crime Prevention Act of 2000 (CPA 2000) henceforth referred to as the Juvenile Justice Crime Prevention Act (JJCPA). JJCPA continues and expands the scope of the Supplemental Law Enforcement Fund (SLESF) which provides resources for front line law enforcement services, and adds a juvenile justice component to include programs that focus on crime prevention and intervention for at-risk youth. The bill allocated funding for California counties to upgrade services and programs within the juvenile justice system. Santa Barbara County was allocated \$1.46 million during Fiscal Year 2001-2002, \$1.36 million for Fiscal Year 2002-2003, \$1.35 million for Fiscal Year 2003-2004, and \$1.14 million for Fiscal Year 2004-2005. Funds are allocated on the basis of county population with the requirement that applicants:

- Prepare and annually approve a Comprehensive Multiagency Juvenile Justice Plan (CMJJP), and
- Develop a JJCPA Local Action Plan and funding request that responds to identified gaps in services with “demonstrated effective” programs.

The CMJJP is annually reviewed and approved by the Juvenile Justice Coordinating Council (JJCC). Funding provided under JJCPA has been sufficient enough to fund three programs: Truancy Mediation; Initial Assessment/First Offender Intervention; and Aftercare Services. On February 13, 2004, the JJCC endorsed the current CMJJP and approved the budget, with no modifications being made to the three programs or the identified target population being funded with the Fiscal Year 2004-2005 JJCPA allocation.

On May 18, 2004, the Juvenile Justice Coordinating Council (JJCC) endorsed and approved the overall JJCPA spending plan modification as proposed, which adds \$15,000.00 of Challenge Activities Funding to the Aftercare Services program and includes the submission of the Challenge Grant application.

### Aftercare Services

In order to build upon positive attitudinal and behavioral changes a juvenile makes in out-of-home placement (camps, foster care and extended periods of confinement), the JJCC is committed to establishing more comprehensive aftercare services countywide. The aftercare phase of a juvenile's out-of-home placement is critical to realizing the full success of the treatment experience. This 90 to 180 day transition period, immediately following placement, is often a time of uncertainty for juveniles and their families, and a time of potential recidivism for high-risk youth. The availability of extensive wraparound support services can make the transition home positive and successful.

Aftercare Services technically commence when a juvenile first enters into the treatment and accountability phase of their out-of-home placement. The clarification of expectations regarding home and community behavior, school attendance, and participation in support services is essential in establishing treatment goals and objectives for juveniles while they are in placement. An integral part of these services is the support of the parents. Throughout the time a juvenile is in placement, the Aftercare Services staff support and encourage

parents for when their child returns home. Parents are counseled as to what transition problems they can anticipate and what strength-based strategies they might employ.

Aftercare Services teams are composed of a Deputy Probation Officer and a Juvenile Institutions Officer each for North and South County. Juveniles usually enroll in a County Education Office Community School before being considered for re-entry into the regular school systems. On a case-by-case basis, some minors will be enrolled directly into a regular school program. During the Aftercare Services period, the juveniles and their families will have the availability of the following support services:

- Mentoring;
- Job Training and Employment assistance (resume building, interviewing, application);
- Individual/Family counseling; and
- Alcohol and drug counseling services.

Outcome data indicates:

- Minors participating in the Aftercare Services program are less likely to be arrested;
- Minors participating in the Aftercare Services program are more likely to complete probation;
- Minors participating in the Aftercare Services program are less likely to be incarcerated; and
- Minors participating in the Aftercare Services program more likely to pay restitution.

#### **Performance Measures:**

The Probation Department and the District Attorney's Office track and report 30 specific performance measures related to the JJCPA program of which four are reported in the County's Recurring Performance Measures System. Of the 30 performance measures tracked, the following two are representative of the outcomes of the Aftercare Services program:

#### **Aftercare Services**

- Participants in the Aftercare Services program will have a felony and/or misdemeanor referral rate at least 10% below the Challenge I historical comparison group for one year following entry into the Aftercare Program;
- 85% of minors who enter the Aftercare Services program will not return to foster home placement, group home placement, or Los Prietos Boys Camp within six months of entrance into Aftercare.

**Fiscal and Facilities Impacts:**

The State Board of Corrections received an allocation of federal funding, known as the **Federal Challenge Activities Program**. The amount available to the County of Santa Barbara to enhance or expand existing JJCPA activities totaled **\$15,000**. The application was approved by the JJCC. This money will enhance programs financed by JJCPA, which with the addition of the **\$15,000** of the **Federal Challenge Activities Program** will have the following budget:

**PROBATION DEPT FY 2004-2005  
PROPOSED JJCPA PROGRAM BUDGET**

JJCPA Funding Allocation	1,149,591
JJCPA Estimated Interest	45,984
Fed Title IV-E & Medi-Cal Funds	315,157
STOP Funds	104,107
County General Fund (30% local STOP match)*	44,617
County General Fund *	21,535
<b>Federal Challenge Activities Program</b>	<b>15,000</b>
Total JJCPA Program Cost for FY 04-05	<u>1,695,991</u>

\*The General Fund contribution for the JJCPA program is included in the Probation Department Fiscal Year 2004-2005 Proposed County Budget.

It is intended that the JJCPA funding will be sustained beyond the term of this allocation with future allocations in the State Budget, and a combination of Federal Title IV-E and Medi-Cal funds.

There will be no anticipated facility impacts. The project will use existing facilities, both county-owned and privately owned by collaborative partners.
