**Summary Text:**

These First Amendments to the CADA and Good Sam agreements are being brought to the Board due to a recent amendment to SAPT/SABG #17-94159 A01 that provided new language regarding the use of SAPT/SABG discretionary funds to cover the cost of room and board services for short term support services for temporary housing for clients who are actively engaged in Substance Abuse treatment services. In addition, both entities have recently been confirmed by DHCS to receive retroactive Drug Medi-Cal DHCS DMC certification as required under DMC-ODS.

Approval of the recommendations will allow Behavioral Wellness to amend the contracts for CADA and Good Sam to utilize SAPT discretionary funds to provide greatly needed Recovery Residences and mandatory DMC-ODS Residential Treatment Services.

**Background:**

The Santa Barbara County Department of Behavioral Wellness provides a continuum of substance use disorder services to Santa Barbara County residents through contracted providers including Community-Based Organizations (CBOs) from funds provide by the Department of Health Care Services (DHCS). DHCS directs local county funding to primary prevention services through a block grant from the Substance Abuse and Mental Health Services Administration (SAMHSA). The SAPT Agreement No. 17-94159 was approved by the Board of Supervisors in December 2017. However, on November 13, 2018 DHCS amended the SAPT/SABG three-year contract to provide modifications to terms and conditions and increased discretionary funds. The SAPT/SABG Amendment 17914159 A01 was approved by the Board of Supervisors at January 15, 2019 BOS Hearing.

The State amended SAPT/SABG language and provided clarification regarding the use of discretionary funding to cover the cost of room and board in counties that enter into state-county Intergovernmental agreement to participate in the DMC-ODS waiver. DHCS and Substance Abuse and Mental Health Services Administration (SAMHSA) have worked together for the inclusion of county administered, SAPT/SABG funded transitional housing as essential recovery support service in California's substance abuse disorder continuum of care. In addition, the Board approved the Behavioral Wellness DMC-ODS Agreement on October 2018.

Due to changes to both of these agreements, Behavioral Wellness is needing to amend both CADA and Good Sam's contracts to incorporate and comply with the new SAPT/SABG and the DMC-ODS regulations. This amendment provides the program revisions, with further regulatory revisions to follow in a future amendment. CADA provided Residential Detoxification services from July 1, 2018 to November 30, 2018 funded by the DHCS Drug Medi-Cal SUD contract, prior to Behavioral Wellness' approval for DMC-ODS. Under DMC-ODS Residential Treatment Services must now be provided at DMC certified sites. CADA applied for the DMC certification back in early 2018. However, due to delays at DHCS both CADA and Good Sam's certification were delayed.

With the new SAPT/SABG amended contract language, Behavioral Wellness' will replace CADA's Residential Detoxification services with Recovery Residences to meet the new SAPT/SABG regulations. If approved by the Board of Supervisors, CADA will be able to provide recovery support at a 12-bed facility that provides a safe, sober and supportive living environment for clients to achieve sobriety and abstinence. CADA will then transition to providing Residential Treatment Services under DMC-ODS from February 1, 2019 forward, they recently received their DMC certification from the State.

Good Sam was providing Transitional Living services under SAPT/SABG but with the new SAPT/SABG amendment we will also need to amend Good Sam’s Statement of Work to cover Recovery Residences to and they will then transition to providing Residential Treatment Services under DMC-ODS from February 1, 2019 forward once DMC certification has been verified with DHCS who has already confirmed the certification and we are simply awaiting the documentation.

Approval of the recommended actions will enable Behavioral Wellness and its subcontractors to receive reimbursement for prevention and treatment services to individuals with substance abuse issues throughout Santa Barbara County and through DMC-ODS with no gaps in service delivery.
