Subject: Agenda Item 7

May 7, 2018

TO: Board of Supervisors
FROM: WE Watch, Santa Ynez Valley
RE: May 8 meeting, Agenda Item A-7, Cannabis Amendments

WE Watch supports comments of Citizens Planning Association and other groups opposing the lowering of the onsite product requirement from 50% to 10% . We share their concern that it will create industrial zones in agricultural areas and we do not want to see that happen in the Santa Ynez Valley. Please retain the 50% requirement.

We support the proposed amendments to the Right to Farm ordinance which omit cannabis activities from this ordinance's protections against nuisance complaints once a farm has been in place for three years.

Nancy Emerson, President
