Budget Journal Entry #

Subject / Title: Provide a short description for this budget revision request to increase/transfer/cancel apporpriations. For example: "Establish (or increase) appropriation of \$xx,xxx funded by unanticipated revenue", or "Transfer appropriations of \$xx,xxx from (object level) to (object level)", or "Cancel (or decrease) appropriation of \$xx,xxx due to unrealized revenue".

Related Journal Entry #

General Services/Risk Management: Decrease the County Workers' Compensation liability by \$1,866,000 per actuary report dated 11/3/2011.

Justification: For all changes: explain what the change is for and why it is needed. Attach additional justification, board letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

This budget revision request decreases the outstanding County Workers' Compensation liability by \$1,866,000 per projections provided in the Bickmore Actuarial Report dated 11/3/2011.

Actuarial Review of the Self-Insured Workers' Compensation Program

Outstanding Liabilities as of June 30, 2011 and June 30, 2012 Forecast for Fiscal Years 2011-12 and 2012-13

Presented to

Santa Barbara County

November 2011

November 3, 2011

Mr. Ray Aromatorio Risk Manager County of Santa Barbara 130 E. Victoria Street Santa Barbara, CA 93101

Re: Actuarial Review of the Self-Insured Workers' Compensation Program

Dear Mr. Aromatorio:

As you requested, we have completed our review of Santa Barbara County's self-insured workers' compensation program. We are aware that the County joined CSAC-EIA's PWC program effective July 1, 2010. Regarding the claims which have occurred prior to this date, we estimate the program's liability for the outstanding tail to be \$29,546,000 and \$24,062,000 as of June 30, 2011 and June 30, 2012, respectively, including ALAE and ULAE, and discounted for anticipated investment income. ALAE is the direct cost associated with the defense of individual claims (e.g. legal fees, investigation fees, court charges). ULAE is the cost to administer all claims to final settlement, which may be years into the future (e.g. claims adjusters' salaries, taxes). The discount for investment income is calculated based on the likely payout pattern of the County's claims, assuming a 1% return on investments per year. Given estimated program assets of \$25,973,000 as of June 30, 2011, the program was funded below the expected confidence level (see Graph 1a on Page 8.)

The \$29,546,000 estimate is the minimum liability to be booked by the County at June 30, 2011 for its workers' compensation program, in accordance with Governmental Accounting Standards Board (GASB) Statement #10. GASB #10 requires the County to accrue a liability on its financial statements for the ultimate cost of claims and expenses associated with all reported and unreported claims, including ALAE and ULAE. GASB #10 does not prohibit the discounting of losses to recognize investment income.

Additionally, we have provided funding estimates for the 2011-12 and 2012-13 fiscal years assuming a \$500,000 self-insured retention. If the County had not elected to participate in CSAC's PWC program, it is estimated that additional 2012-13 funding of approximately \$1,872,000 would be needed to meet the marginally acceptable (70% confidence level) loss and LAE projection for its self-insurance program.

Assuming a <u>1% annual investment income rate</u>, our conclusions regarding the County's liability for unpaid loss and loss adjustment expenses (LAE) at June 30, 2011 are summarized in the table below.

Santa Barbara County Self-Insured Workers' Compensation Program Estimated Liability for Unpaid Loss and LAE at June 30, 2011

ecommended Rang	Target	- VaCo
Rec	Low	750/ 01
Marginally	Acceptable	100/
	Expected	•

Although we understand the County is currently fully insured due to its participation in CSAC's PWC program, we provide in the table below our funding estimates for the 2012-13 fiscal year assuming a self-insured retention of \$500,000.

Santa Barbara County Self-Insured Workers' Compensation Program Loss and LAE Funding Guidelines for 2012-13 Self-Insured Retention (SIR) of \$500,000

		Marginally	Reco	ommended Ra	inge	
	Expected	Acceptable 70% CL	Low 75% CL	Target 80% CL	High 85% CL	Conservative 90% CL
Loss and ALAE	\$9,208,000					
ULAE	921,000					
Investment Income Offset	(476,000)					
Discounted Loss and LAE	\$9,653,000	\$10,647,000	\$11,033,000	\$11,487,000	\$12,037,000	\$12,781,000

The funding recommendations shown in the table above do not include any recognition of the existing funding margin at June 30, 2012. They are for losses and loss adjustment expenses only, and do not include a provision for loss control, overhead, excess insurance premiums, and other expenses associated with the program.

The figure for the 70% confidence level listed above when combined with County projections for excess insurance and self-insured expenses is estimated to be approximately \$1,872,000 greater than the projected costs under the PWC program.

Because actuarial estimates of claims costs are subject to some uncertainty, we recommend that an amount in addition to the discounted expected loss costs be set aside as a margin for contingencies. Generally, the amount should be sufficient to bring funding to the 75% to 85% confidence level for primary programs. We consider funding to the 70% confidence level to be marginally acceptable and funding to the 90% confidence level to be conservative.

The loss projections in this report reflect the estimated impact of benefit legislation contained in AB749, AB227, SB228, SB899, and recent WCAB court decisions based upon information provided by the WCIRB.

The ultimate impact on loss costs of legislated benefit adjustments are generally difficult to forecast in advance because the changes typically take place over a period of several years following enactment. Furthermore, actuarially derived benefit level evaluations often underestimate actual future cost levels. The shortfalls result from a variety of circumstances, including: increases in utilization levels, unanticipated changes in administrative procedures, and cost shifting among benefit categories. Thus, actual cost increases could differ, perhaps substantially, from the WCIRB's estimates.

The report that follows outlines the scope of our study, its background, and our conclusions, recommendations, and assumptions. Judgments regarding the appropriateness of our conclusions and recommendations should be made only after studying the report in its entirety, including the graphs, attachments, exhibits and appendices. Our report has been developed for the County's internal use. It is not intended for general circulation.

We appreciate the opportunity to be of service to Santa Barbara County in preparing this report. Please feel free to Derek Burkhalter at (916) 244-1167 or John Alltop at (916) 244-1160 with any questions you may have concerning this report.

Sincerely,

Bickmore Risk Services

Actuarial Review of the Self-Insured General Liability Program

Outstanding Liabilities as of June 30, 2011 and June 30, 2012 Forecast for Fiscal Years 2011-12 and 2012-13

Presented to

Santa Barbara County

October 2011

October 21, 2011

Mr. Ray Aromatorio Risk Manager County of Santa Barbara 130 E. Victoria Street Santa Barbara, CA 93101

Re: Actuarial Review of the Self-Insured Liability Program

Dear Mr. Aromatorio:

As you requested, we have completed our review of Santa Barbara County's self-insured liability program. Assuming an SIR of \$500,000 per occurrence, we estimate the ultimate cost of claims and expenses for claims incurred during the 2011-12 and 2012-13 program years to be \$2,826,000 and \$2,885,000, respectively. These amounts include allocated loss adjustment expenses (ALAE), unallocated loss adjustment expenses (ULAE), and a discount for anticipated investment income. ALAE is the direct cost associated with the defense of individual claims (e.g. legal fees, investigation fees, court charges). ULAE is the cost to administer all claims to final settlement, which may be years into the future (e.g. claims adjusters' salaries, taxes). The discount for investment income is calculated based on the likely payout pattern of the County's claims, assuming a 1% return on investments per year. For budgeting purposes, the expected costs of 2011-12 and 2012-13 claims translate to rates of \$0.93 and \$0.95 per \$100 payroll, respectively.

In addition, we estimate the program's liability for outstanding claims to be \$7,112,000 and \$6,726,000 as of June 30, 2011 and June 30, 2012, respectively, again including ALAE and ULAE, and discounted for anticipated investment income. Given estimated program assets of \$9,021,000 as of June 30, 2011, the program was funded between the 80% and 85% confidence levels.

The \$7,112,000 estimate is the minimum liability to be booked by the County at June 30, 2011 for its liability program, in accordance with Governmental Accounting Standards Board (GASB) Statement #10. GASB #10 requires the County to accrue a liability on its financial statements for the ultimate cost of claims and expenses associated with all reported and unreported claims, including ALAE and ULAE. GASB #10 does not prohibit the discounting of losses to recognize investment income.

Our conclusions regarding the County's liability for unpaid loss and loss adjustment expenses (LAE) at June 30, 2011 are summarized in the table below.

Santa Barbara County Self-Insured Liability Program Estimated Liability for Unpaid Loss and LAE at June 30, 2011

		Marginally	Reco	mmended Rai	nge	
	Expected	Acceptable 70% CL	Low 75% CL	Target 80% CL	High 85% CL	Conservative 90% CL
Loss and ALAE	\$6,896,000					
ULAE	339,000					
Investment Income Offset	(123,000)					
Discounted Loss and LAE	\$7,112,000	\$7,916,000	\$8,264,000	\$8,677,000	\$9,189,000	\$9,871,000
Available Funding _	9,021,000		 .			
Surplus or (Deficit)	\$1,909,000	\$1,105,000	\$757,000	\$344,000	(\$168,000)	(\$850,000)

Our conclusions regarding the County's liability for unpaid loss and loss adjustment expenses (LAE) at June 30, 2012 are summarized in the table below.

Santa Barbara County Self-Insured Liability Program Estimated Liability for Unpaid Loss and LAE at June 30, 2012

		Marginally	Reco	mmended Rai	nge	
	Expected	Acceptable 70% CL	Low 75% CL	Target 80% CL	High 85% CL	Conservative 90% CL
Loss and ALAE	\$6,499,000					
ULAE	346,000					
Investment Income Offset	(119,000)					
Discounted Loss and LAE	\$6,726,000	\$7,486,000	\$7,816,000	\$8,206,000	\$8,690,000	\$9,336,000
Available Funding _	8,199,000					
Surplus or (Deficit)	\$1,473,000	\$713,000	\$383,000	(\$7,000)	(\$491,000)	(\$1,137,000)

GASB #10 does not address an actual funding requirement for the program, but only speaks to the liability to be recorded on the County's financial statements.

Because actuarial estimates of claims costs are subject to some uncertainty, we recommend that an amount in addition to the discounted expected loss costs be set aside as a margin for contingencies. Generally, the amount should be sufficient to bring funding to the 75% to 85% confidence level for primary programs. We consider funding

to the 70% confidence level to be marginally acceptable and funding to the 90% confidence level to be conservative.

Furthermore, the CSAC Excess Insurance Authority standard states that based upon the actuarial recommendations, the member should maintain reserves and make funding contributions equal to or exceeding the present value of expected losses and a reasonable margin for contingencies.

The table below shows our funding recommendations for Santa Barbara County for the 2011-12 fiscal year.

Santa Barbara County Self-Insured Liability Program Loss and LAE Funding Guidelines for 2011-12 Self-Insured Retention (SIR) of \$500,000

		Marginally	Reco	mmended Rai	nge

Rate per \$100 of 2012-13 Payroll	\$1.63	\$2.04	\$2.23	\$2.45	\$2.73	\$3.10

The funding recommendations shown in the table above <u>includes</u> recognition of the existing funding margin at June 30, 2012.

The report that follows outlines the scope of our study, its background, and our conclusions, recommendations, and assumptions. Judgments regarding the appropriateness of our conclusions and recommendations should be made only after studying the report in its entirety, including the graphs, attachments, exhibits and appendices. Our report has been developed for the County's internal use. It is not intended for general circulation.

We appreciate the opportunity to be of service to Santa Barbara County in preparing this report. Please feel free to call Derek Burkhalter at (916) 244-1167 or John Alltop at (916) 244-1160 with any questions you may have concerning this report.

Sincerely,

General Services/Risk Management: Decrease the County Medical Malpractice-Self Insurance Funds' liability by \$137,000 per actuary report dated 10/13/2011.

Justification: For all changes: explain what the change is for and why it is needed. Attach additional justification, board letters or spreadsheet, if appropriate. When moving Appropriation: explain why it's available. When Revenue is adjusted: explain the reason for the increase or decrease. For adjustments to General Fund Contingency: explain why no other alternative funding source is available.

This budget revision request decreases the outstanding County Medical Malpractice -Self Insurance Funds' liability by \$137,000 per projections provided in the Bickmore Actuarial Report dated 10/13/2011.

Actuarial Review of the Self-Insured Medical Malpractice Program

Outstanding Liabilities as of June 30, 2011 and June 30, 2012 Forecast for Fiscal Years 2011-12 and 2012-13

Presented to

Santa Barbara County

October 2011

October 13, 2011

Mr. Ray Aromatorio Risk Manager County of Santa Barbara 130 E. Victoria Street Santa Barbara, CA 93101

Re: Actuarial Review of the Self-Insured Medical Malpractice Program

Dear Mr. Aromatorio:

As you requested, we have completed our review of Santa Barbara County's self-insured medical malpractice program. Assuming an SIR of \$500,000 per occurrence, we estimate the ultimate cost of claims and expenses for claims incurred during the 2011-12 and 2012-13 program years to be \$274,000 and \$281,000, respectively. These amounts include allocated loss adjustment expenses (ALAE), unallocated loss adjustment expenses (ULAE), and a discount for anticipated investment income. ALAE is the direct cost associated with the defense of individual claims (e.g. legal fees, investigation fees, court charges). ULAE is the cost to administer all claims to final settlement, which may be years into the future (e.g. claims adjusters' salaries, taxes). The discount for investment income is calculated based on the likely payout pattern of the County's claims, assuming a 1% return on investments per year. For budgeting purposes, the expected costs of 2011-12 and 2012-13 claims translate to rates of \$0.47 and \$0.48 per \$100 payroll, respectively.

In addition, we estimate the program's liability for outstanding claims to be \$579,000 and \$519,000 as of June 30, 2011 and June 30, 2012, respectively, again including ALAE and ULAE, and discounted for anticipated investment income. Given estimated program assets of \$1,737,000 as of June 30, 2011, the program was funded above the 90% confidence level (see Graph 1a on Page 9.)

The \$579,000 estimate is the minimum liability to be booked by the County at June 30, 2011 for its medical malpractice program, in accordance with Governmental Accounting Standards Board (GASB) Statement #10. GASB #10 requires the County to accrue a liability on its financial statements for the ultimate cost of claims and expenses associated with all reported and unreported claims, including ALAE and ULAE. GASB #10 does not prohibit the discounting of losses to recognize investment income.

Our conclusions regarding the County's liability for unpaid loss and loss adjustment expenses (LAE) at June 30, 2011 are summarized in the table below.

Santa Barbara County Self-Insured Medical Malpractice Program Estimated Liability for Unpaid Loss and LAE at June 30, 2011

		Marginally	Reco	mmended Rar	nge	
	Expected	Acceptable 70% CL	Low 75% CL	Target 80% CL	High 85% CL	Conservative 90% CL
Loss and ALAE	\$546,000					
ULAE	40,000					
Investment Income Offset	(7,000)					
Discounted Loss and LAE	\$579,000	\$700,000	\$776,000	\$865,000	\$975,000	\$1,122,000
Available Funding	1,737,000					· · · · · · · · · · · · · · · · · · ·
Surplus or (Deficit)	\$1,158,000	\$1,037,000	\$961,000	\$872,000	\$762,000	\$615,000

Our conclusions regarding the County's liability for unpaid loss and loss adjustment expenses (LAE) at June 30, 2012 are summarized in the table below.

Santa Barbara County Self-Insured Medical Malpractice Program Estimated Liability for Unpaid Loss and LAE at June 30, 2012

		Marginally	Reco	mmended Rar	nge	
	Expected	Acceptable 70% CL	Low 75% CL	Target 80% CL	High 85% CL	Conservative 90% CL
Loss and ALAE	\$474,000					
ULAE	51,000					
Investment Income Offset	(6,000)					
Discounted Loss and LAE	\$519,000	\$627,000	\$696,000	\$775,000	\$874,000	\$1,006,000
Available Funding	1,288,000					
Surplus or (Deficit)	\$769,000	\$661,000	\$592,000	\$513,000	\$414,000	\$282,000

GASB #10 does not address an actual funding requirement for the program, but only speaks to the liability to be recorded on the County's financial statements.

Because actuarial estimates of claims costs are subject to some uncertainty, we recommend that an amount in addition to the discounted expected loss costs be set aside as a margin for contingencies. Generally, the amount should be sufficient to bring funding to the 75% to 85% confidence level for primary programs. We consider funding

to the 70% confidence level to be marginally acceptable and funding to the 90% confidence level to be conservative.

Furthermore, the CSAC Excess Insurance Authority standard states that based upon the actuarial recommendations, the member should maintain reserves and make funding contributions equal to or exceeding the present value of expected losses and a reasonable margin for contingencies.

The table below shows our funding recommendations for Santa Barbara County for the 2011-12 fiscal year.

Santa Barbara County Self-Insured Medical Malpractice Program Loss and LAE Funding Guidelines for 2011-12 Self-Insured Retention (SIR) of \$500,000

		Marginally Acceptable 70% CL	Recommended Range			
	Expected		Low 75% CL	Target 80% CL	High 85% CL	Conservative 90% CL
Loss and ALAE	\$243,000					
ULAE	36,000					
Investment Income Offset	(5,000)					
Discounted Loss and LAE	\$274,000	\$318,000	\$374,000	\$444,000	\$533,000	\$646,000
Non-claims Related Expenses	289,000	289,000	289,000	289,000	289,000	289,000
Indicated Funding	\$563,000	\$607,000	\$663,000	\$733,000	\$822,000	\$935,000
Rate per \$100 of 2011-12 Payroll	\$0.97	\$1.05	\$1.14	\$1.26	\$1.42	\$1.61

The funding recommendations shown in the table above do not include any recognition of the existing funding margin at June 30, 2011.

The table below shows our funding recommendations for Santa Barbara County for the 2012-13 fiscal year.

Santa Barbara County Self-Insured Medical Malpractice Program Loss and LAE Funding Guidelines for 2012-13 Self-Insured Retention (SIR) of \$500,000

		Marginally	Reco			
	Expected	Acceptable 70% CL	Low 75% CL	Target 80% CL	High 85% CL	Conservative 90% CL
Loss and ALAE	\$248,000					
ULAE	38,000					
Investment Income Offset	(5,000)					
Discounted Loss and LAE	\$281,000	\$326,000	\$384,000	\$456,000	\$546,000	\$663,000
Non-claims Related Expenses	289,000	289,000	289,000	289,000	289,000	289,000
Indicated Funding	\$570,000	\$615,000	\$673,000	\$745,000	\$835,000	\$952,000
Rate per \$100 of 2012-13 Payroll	\$0.98	\$1.06	\$1.16	\$1.28	\$1.44	\$1.64

The funding recommendations shown in the table above do not include any recognition of the existing funding margin at June 30, 2012.

The report that follows outlines the scope of our study, its background, and our conclusions, recommendations, and assumptions. Judgments regarding the appropriateness of our conclusions and recommendations should be made only after studying the report in its entirety, including the graphs, attachments, exhibits and appendices. Our report has been developed for the County's internal use. It is not intended for general circulation.

We appreciate the opportunity to be of service to Santa Barbara County in preparing this report. Please feel free to call Derek Burkhalter at (916) 244-1167 or John Alltop at (916) 244-1160 with any questions you may have concerning this report.

Sincerely,
