**Summary Text:**

Parking restrictions are either established or rescinded based on safety, necessity and how they relate to the use by the community as a whole. All of these factors are weighed by the Public Works Department and any changes recommended are presented to the Board of Supervisors for approval. These parking restrictions may include no parking, time limited parking, loading zones, vehicle height restricted parking, angle parking, handicapped parking or any combination of these restrictions.

Several requests were received from citizens in the Montecito, Santa Barbara, Vandenberg Village, Los Olivos, Santa Ynez, Santa Maria and the Orcutt areas addressing safety concerns at various locations. In addition, the citizens have requested No Parking zones at several intersections.
