Auditor-Controller Concurrence:

As to form: N/A

Recommended Actions:

That the Board of Supervisors:

- a) Adopt the attached Resolution (Attachment A) re-certifying the current total mileage included in the County Maintained Road System; and
- b) Determine the above actions are not a project under the California Environmental Quality Act guidelines pursuant to Section 15378(b)(5) because it consists of organizational or administrative activities of governments that will not result in direct or indirect physical changes in the environment.

Summary Text:

This item is on the agenda to recertify the lane mile of roadway sections maintained in the unincorporated Santa Barbara County. The County currently maintains 831.61 centerline miles. During the current fiscal year, the County has not added or deleted any roads in or out of the maintained system, and the current mileage remains unchanged. Upon your Board's approval and certification, Public Works will report this mileage to the State of California Department of Transportation (Caltrans) for the purposes of determining the County's share of state road maintenance funds.

Background:

Attachment A requests your Board to act in order to satisfy Streets and Highways Code § 2121. Streets and Highways Code § 2121 requires the County to annually report to Caltrans any additions or exclusions from the total mileage of the County Maintained Road System for the purpose of maintenance funding allocation. Caltrans requires that the adjusted maintained roadway mileage total be certified by your Board

and reported to them for the purposes of road maintenance funding allocations, partially based on the total number of roadway miles maintained by the County.

Fiscal and Facilities Impacts: N/A

Budgeted: N/A

Special Instructions:

Please provide one original copy of the Executed Resolution and keep a copy for your records. Please provide a certified stamped Minute Order to Public Works - Transportation, Attn: Yanette Luna, 123 E. Anapamu, Santa Barbara, ext. 83094.
