Re: File # 11-00758
ERG-Private Pipeline Franchise and
Notice of Exemption Concerning use of roadways.
Hearing on November 1, 2011

COUNTY OF SANTA BARBARA
OFFICE OF THE
CLERK
2011 OCT 31 PM 4:49

Dear Supervisors:

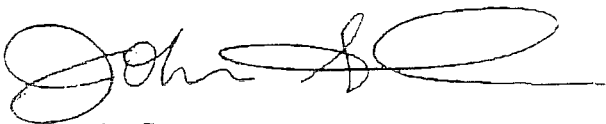

This letter is written with respect to ERG's requested pipeline easement referred to in the above permit number. My family lives on Cat Canyon Road near the route of the easement. We have, as well as a significant number of nearby residents, are very concerned about the impacts of ERG's activities in Cat Canyon.

We respectfully request that this item be moved from the administrative agenda and put on the agenda as an item for a full public hearing.

We are very concerned about the cumulative impact of oil activity in the area and the fact that permits seem to be issued piecemeal without a proper environmental impact report to study the cumulative impacts of the projects as a whole.

Please let us know by phone or fax if you are going to honor this request, and if so, whether the date for this hearing will remain on November 1st or be changed to another date. We appreciate your attention to this matter.

Sincerely,

John Stevens
7121 Cat Canyon Road
