

Alexander, Jacquelyne

From: sbcob
Subject: FW: Chumash Rip-off

Thank you for distributing a copy of this to each of the SB Supervisors!

To Santa Barbara County Board of Supervisors:

Sept. 10, 2015

I hope you have read & digested the two articles in the Sunday SB News Press - Pgs.C-1 & C-4 by James Marion & Gary Cory! They reveal the true & accurate details concerning the demands of the Chumash Indian tribe with information regarding the impact on we tax payers. If you missed it I'm sure you can access it via the Internet.

We all know this expansion of the Chumash reservation has been a great controversy & I applaud your hanging tough to resist this absolutely power grab by the Tribal leaders.

The freedom, perks, benefits, use of our tax paid for schools & infrastructure, & wealth they have received throughout the past - on we tax payers & gamblers' account - must be recognized by them. What other money making operation can give away 4 BMW cars every week for 2 month? I grant them for being a frequent giver to charity which I'm sure is in the arsenal of their demands.

If you Supervisors give them ANYTHING more than what they already enjoy, you'll be known as those idiots that signed the IRANian nuclear give away! I'll bet you'll hear more on this issue.

I've been told by one of the 165 tribal members that each of them receive \$35,000 per month.
