Santa Barbara County Board of Supervisors,

I am a Santa Barbara raised citizen who has lived in my present home in Montecito for 40 years.

I am contacting you to OPPOSE your recently proposed \$26 Agriculture Wage. If implemented, this excessive pay would devastate our county's agriculture and economy!

Please DO NOT pass this wage increase!

Sincerely,

M J Ausanka

I believe that your passing the recent legislation calling for this hugely inflated hourly wage will bankrupt a vital segment of our local economy.

I strongly urge reconsideration of this error in judgement.

A handwritten signature in black ink that reads "Pat Fish". The signature is stylized, with the first letters of "Pat" and "Fish" being significantly larger and more prominent than the rest of the letters.

Please vote against the exorbitant pay increase for agricultural workers.
