Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I have worked for over fourteen years in the local healthcare industry with Cottage Health. I negotiate contracts with commercial and governmental healthcare insurers and I have a unique understanding of the challenges of providing mental health care and paying for it. Our community is fortunate to have a wealth of non-profits and caring individuals willing to support healthcare, however there is often a gap in providing those services to those who need it the most. I am interested in serving on this Committee to provide a bridge between government caregivers, and community members and their families who desperately need this support.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

When we had a family member who was suffering from depression I was fortunate to find a family support group through our local chapter of NAMI. My experience with this caring group of people opened my eyes to both the need and the resources available beyond the walls of a formal healthcare setting. Because of my experience with NAMI I am inspired step up and provide my own experience and skills with our community.
