I support the County expanding Jalama County Beach Park. The County should accept the 36 acres offered to address historic coastal zone violations on Cojo/Jalama Ranch. Please direct staff to process the offer as soon as possible, and enhance public use of Jalama County Park.

Jalama is a public treasure on our coastline.

Sincerely,
Teresa Jamison

Dear Supervisors,

I'm writing to express my gratitude that 36 acres of land have been gifted to Santa Barbara County and to Jalama Beach County Park. This is remarkable good fortune, and effectively doubles the park, allowing for better access and stewardship of a unique and biodiverse coastal area.

Please accept this gift, and ask staff to receive it as soon as possible.

I've been visiting this beach since I was a child, and my parents and grandparents before me. This is a golden opportunity, and I'm grateful for your leadership in taking advantage of this gift.

Thank you, from my heart,
Nancy

Dear Board of Supervisors for Santa Barbara County,

Please allow the 36 acres, donated by Cojo/Jalama Ranch, to be added to Jalama Beach County Park. Jalama is a marvelous resource, This opportunity to expand/enhance the park is a no-brainer.

Just say yes!! I understand it is essential that the County formally accept this offer. Do that now and direct your staff to process the offer ASAP.

Thank you,

First District Supervisor Das Williams and colleagues

Dear Das,

I am writing in support of the County expanding Jalama County Beach Park, which I understand is now an option. As you know, Jalama Beach is truly one of our astounding coastal scenic assets in this county, and it is one, certainly, that I and my family has been visiting and enjoying for many years. By accepting the 36 acres offered, the County can address historic coastal zone violations on Cojo/Jalama Ranch as well as further enhance Jalama County Park.

Thanks so much for all you do to make Santa Barbara County the special county it is for both those of us who are lucky enough to live here and those of us fortunate enough to visit.

Sincerely,

Ted Rhodes

Subject: NO SUPPORT FOR JALAMA EXPANSION

Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.

To whom it may concern:

As a life-long Jalama Beach user I DO NOT support the motion that the County expand the Jalama Beach Park boundaries being made possible by the Cojo and Jalama Ranches' recently donated 36 acres. Expansion of the park would effectively destroy the still pristine condition of the beaches and bluffs that currently border and contain the park's location.

Throughout the years, Jalama has become a prime destination for campers and beachgoers who visit the park to enjoy its beautiful and unspoiled surroundings ALL made possible by current park boundaries that create real and virtual barriers that keep the public from encroaching upon and desecrating the surrounding bluffs and beaches.

By expanding access, the County would be destroying these barriers and with it would be destroying the very things that make Jalama Beach such a spectacularly preserved slice of coastline, coastline that is vanishing before our very eyes.

If you haven't already, I strongly encourage any County Supervisor to make the trip up to the park to see firsthand what current and future generations will lose should you vote to expand the park.

I sincerely and passionately thank you for doing the right thing.

Thank you.

Dear County Supervisors;

I support the County expanding Jalama County Beach Park. The County should accept the 36 acres offered to address historic coastal zone violations on Cojo/Jalama Ranch. Please direct staff to process the offer as soon as possible, and enhance public use of Jalama County Park.

I've been going to Jalama since the early 80's. When I lived in Solvang/Santa Ynez it was my closest beach. I have walked the stretch of beach that is being donated countless times to go surfing. I know it well. I never got a ticket for illegally parking on the road leading into the park, but know of many others who have.

The additional land will be a wonderful permanent addition to a most special place. Giant coreopsis endemic to the northern Channel Islands pop spectacularly every spring after winter rains to that particular coastal bluff. Jalama is so special to me that I invited 50 of my friends to join me for my 60th birthday weekend campout in 2015. Please except the donation so that many more generations of Santa Barbara County residents can enjoy an enhanced SB County park.

Sincerely,

Kevin Cannon

Dear Santa Barbara County Supervisors,

Please except this letter (email) in lieu of my comment and physical appearance at the 1/29/2019 meeting.

I fully and strongly support the County expanding Jalama County Beach Park. These lands will more than double the current size of Jalama Park. The Cojo/Jalama Ranches agreed in 2017 to donate 36 acres of land to expand Jalama County Beach Park. The County must formally accept this offer. The County should accept the 36 acres offered to address historic coastal zone violations on Cojo/Jalama Ranch. Please direct staff to process the offer as soon as possible, and enhance public use of Jalama County Park.

Thank you for your consideration, public service and support of expanding Jalama Park. Please vote yes to move this matter forward and increase public park lands in Santa Barbara county.

Best Regards,

Kathleen Reddington

Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.

To whom it may concern:

As a life-long Jalama Beach user I DO NOT support the motion that the County expand the Jalama Beach Park boundaries being made possible by the Cojo and Jalama Ranches' recently donated 36 acres. Expansion of the park would effectively destroy the still pristine condition of the beaches and bluffs that currently border and contain the park's location.

Throughout the years, Jalama has become a prime destination for campers and beachgoers who visit the park to enjoy its beautiful and unspoiled surroundings ALL made possible by current park boundaries that create real and virtual barriers that keep the public from encroaching upon and desecrating the surrounding bluffs and beaches.

By expanding access, the County would be destroying these barriers and with it would be destroying the very things that make Jalama Beach such a spectacularly preserved slice of coastline, coastline that is vanishing before our very eyes.

If you haven't already, I strongly encourage any County Supervisor to make the trip up to the park to see firsthand what current and future generations will lose should you vote to expand the park.

I sincerely and passionately thank you for doing the right thing.

Thank you.

Dear Supervisors:

As a Jalama Beach user I DO NOT support the motion that the County expand the Jalama Beach Park boundaries being made possible by the extortion of 36 acres from Cojo and Jalama Ranches by the County and the Coastal Commission. Expansion of the park would effectively destroy the still pristine condition of the beaches and bluffs that currently border and contain the park's location.

Throughout the years, Jalama has become a prime destination for campers and beachgoers who visit the park to enjoy its beautiful and unspoiled surroundings ALL made possible by current park boundaries that create real and virtual barriers that keep the public from encroaching upon and desecrating the surrounding bluffs and beaches.

By expanding access, the County would be destroying these barriers and with it would be destroying the very things that make Jalama Beach such a spectacularly preserved slice of coastline, coastline that is vanishing before our very eyes.

The the public does have a right to access beaches. In its current configuration, Jalama Beach Park provides that access. Anyone is free to walk the beaches and enjoy them. There is already camping, water, bathrooms, a store, a restaurant, parking, picnic tables, and a gate. Providing access via this new acreage is a step toward ruining the sensitive coastal bluffs, which are in prime condition only because they were in private hands for so many years.

If you'd like to see what "improvements" in the name of expanded public access does to a formally beautiful area, take a look at what the development of Salt Creek Beach Park did to one of the last rural, natural environment in Orange County. Parking lots (with all the associated drainage and pollution issues), parking monitors, trails cut through the pristine coastal bluff (some of them paved), guardrails at cliffs to keep the public safe, a staircase down the to the beach to keep the public safe, trash cans, bathrooms, service providers, lifeguard towers and more. Plus signage to inform the public of all the new rules: parking signs, signage to tell users that cliffs are dangerous, no littering signs, cliff erosion signs, hours for use of the area, Jalama Beach property signs, municipal code sections for every possible violation that will surely come. All this and more would be coming to Jalama Park, whether it is sooner or later, if this decision is made.

Viewed from another perspective, if a private land owner came to the Supervisors to get permission to do these types of "improvements" on a bluff in the Coastal Zone, there is no way they would gain approval on their

I support the County expanding Jalama County Beach Park.
The County should accept the 36 acres offered to address historic coastal zone violations on Cojo/Jalama Ranch.
Please direct staff to process the offer as soon as possible, and enhance public use of Jalama County Park.

Thank you,
Jennifer Blum

Dear County Board of Supervisors,

Every once in a while you get an offer too good to refuse.

Please enlarge Jalama Beach Park.

I love my state and am enchanted with SB County with our wild beaches being one of our greatest assets.

Your attention to acquiring and stewarding this park will add value to a region that is experiencing growing tourism and a vibrant beach culture - surfing, kite surfing and birding.

Your actions would also ensure vital habitat for seals, elephant seals, otters and other species.

Thank you,

Diyana Dobberteen

Dear Supervisors,

Please DO NOT accept the land that would expand Jalama County Park.

Reasons include:

- increase cost to the County for development
- overcrowding an already well used park -increase water use -access is already provided trough the Park to the beaches we all use
- loss of tax revenue from existing land holder
- increased pressure and safety issues on Jalama Road which the California Coastal Commission will no allow to be widened or improved

Thank you for your consideration and hard work on our behalf,

Kit Boise-Cossart
Gaviota, CA.

RE: Public Comment - Closed Session, 1/29/19

Dear Board of Supervisors,

Please consider the recent land offer to expand Jalama County Beach Park. These 36 acres are critical in protecting and allowing for public access to one of California's finest beaches and protected stretches of coast. With the recent creation of the adjacent Dangermond Preserve by the Nature Conservancy, California can proudly announce that the preservation of this unique area in our state can and will be protected for future generations. For over 20 years, I have been working to protect the Gaviota Coast from the intense pressure to development this pristine coastline.

By accepting this land for Park expansion, you are doing your part to protect this unique area along the California Coast that we can be proud for future generations.

Thank you for your time,
Rich Reid

Dear Supervisors:

As a Jalama Beach user I DO NOT support the motion that the County expand the Jalama Beach Park boundaries being made possible by the extortion of 36 acres from Cojo and Jalama Ranches by the County and the Coastal Commission. Expansion of the park would effectively destroy the still pristine condition of the beaches and bluffs that currently border and contain the park's location.

Throughout the years, Jalama has become a prime destination for campers and beachgoers who visit the park to enjoy its beautiful and unspoiled surroundings ALL made possible by current park boundaries that create real and virtual barriers that keep the public from encroaching upon and desecrating the surrounding bluffs and beaches.

By expanding access, the County would be destroying these barriers and with it would be destroying the very things that make Jalama Beach such a spectacularly preserved slice of coastline, coastline that is vanishing before our very eyes.

The the public does have a right to access beaches. In its current configuration, Jalama Beach Park provides that access. Anyone is free to walk the beaches and enjoy them. There is already camping, water, bathrooms, a store, a restaurant, parking, picnic tables, and a gate. Providing access via this new acreage is a step toward ruining the sensitive coastal bluffs, which are in prime condition only because they were in private hands for so many years.

If you'd like to see what "improvements" in the name of expanded public access does to a formally beautiful area, take a look at what the development of Salt Creek Beach Park did to one of the last rural, natural environment in Orange County. Parking lots (with all the associated drainage and pollution issues), parking monitors, trails cut through the pristine coastal bluff (some of them paved), guardrails at cliffs to keep the public safe, a staircase down the to the beach to keep the public safe, trash cans, bathrooms, service providers, lifeguard towers and more. Plus signage to inform the public of all the new rules: parking signs, signage to tell users that cliffs are dangerous, no littering signs, cliff erosion signs, hours for use of the area, Jalama Beach property signs, municipal code sections for every possible violation that will surely come. All this and more would be coming to Jalama Park, whether it is sooner or later, if this decision is made.
