12. EXPERIENCE:

Dear Salud Carbajal, Vice Chair 1<sup>st</sup> District  
County Administration Building  
105 E. Anapamu Street, Room 407  
Santa Barbara, CA 93101

I would like to be considered to serve on the MBAR, Montecito Board of Architectural Review because my experience and qualifications would be helpful to review, and revise as necessary, the projects that come before MBAR based on the general plan and be able to implement, work with the public.

My career background as a design consultant is on many levels including construction management and sustainable design projects. I am now currently serving on the Montecito Land Use Committee (MLUC), Montecito Association Board of Directors (MA) and the Historic Landmarks Advisory Commission (HLAC). I recently completed the 7 week "boot camp classes" by the American Planning Association (APA).

With my past experience serving on boards and committees on the California State and City levels has prepared me for this opportunity to apply for a position on MBAR.

I have worked as a Construction Manager on several Caltrans Projects up in Northern California for four years with my engineers that specialized in storm drains and testing soils. My construction management business was a WMBE certification doing business with Harris & Associates and Caltrans.

I had been a design consultant for over 20 years. My most recent project that I have completed as a design consultant and construction manager has been with my overseas clients on their 4 mm condominium at the Century Building by Robert A.M. Stern Architects. I am married to George Johnson and we have lived in Montecito since 1998.

Because of my past work experience and serving on the State and City levels I feel that I can bring to the Montecito Planning Commission a different perspective and bi-partisan view point to help process all the necessary projects that come in front of MBAR.

Thank you,

Dorinne Lee Johnson  
Design Principal  
Construction Management  
Sustainable Design Projects
