- ii. Adopt the Resolution confirming Flood Control Benefit Assessment for Fiscal Year 2010-11 and authorize the Clerk of the Board to record a certified copy;
- iii. Consider adoption (second reading) of an Ordinance amending Ordinance 3150, the Flood Control Benefit Assessment Ordinance, Relating to Benefit Assessments for Flood Control Services imposing Flood Control Benefit Assessments for Fiscal Year 2010-11 (ordinance introduced on June 15, 2010);
- iv. Find that the assessment revenue will be used for meeting operating expenses, including employee wage rates and fringe benefits, purchasing or leasing supplies, equipment, or materials, meeting financial reserve needs and requirements obtaining funds for capital projects necessary to maintain service within existing service areas, within meaning of Public Resources Code Section 21080(b)(8); and
- v. Find that the recalculation and imposition of the annual Flood Control Benefit Assessment is not a "project" as defined in CEQA Guidelines Section 15378.

Summary Text:

The Board has set June 15, 2010 as the date for the first hearing to introduce an ordinance entitled, "An Ordinance Amending Ordinance 3150, the Flood Control Benefit Assessment Ordinance, Relating to Benefit Assessments for Flood Control Services"; and has set July 6, 2010 as the date of the second hearing. It is proposed that the rates in each zone be increased by .84% for Fiscal Year 2010-11 (table shown below) as determined by the State Department of Finance. This increase represents the Consumer Price Index (CPI) for all urban consumers for Los Angeles, San Francisco, and San Diego areas.

A copy of the report will be kept on file with the Clerk of the Board until the conclusion of the hearings.

Adoption of this Board of Directors Ordinance is recommended to continue the current level of Flood Control services.

Background:

Santa Barbara County residents approved, by vote, the levying of benefit assessments to help pay the cost of providing flood control services. The ordinance that established the assessment program allows for annual increases in assessment rates up to the increase in the CPI for the preceding twelve months, as approved by the voters.

The CPI increases are intended to equalize service levels year-to-year by stabilizing buying power. The new benefit assessment rates prevent the devaluation of District revenues from inflation. Over the years, there have been significant increases to the cost of fuel, construction materials, and equipment. The CPI increase approved by the voters preserves the ability to deliver services to the public.

Fiscal and Facilities Impacts:

The revenue generated from the Benefit Assessment Program was included in the proposed 2010-11 budget in each of the ten flood zones.

Budgeted: Yes

Narrative:

Benefit Assessment rates will generate approximately \$2,934,255 collectively within the ten flood zones for FY 2010-11.
