Authorize the Chief Probation Officer, as your lead agent, to submit the Application for Approval to the Corrections Standards Authority (CSA) in order to utilize twelfth year funding in the amount of \$1,213,722 allocated to Santa Barbara County under the Juvenile Justice Crime Prevention Act (JJCPA), from July 1, 2012, through June 30, 2013.

B. Review and approve the attached County's Comprehensive Multi-agency Juvenile Justice Plan (CMJJP) and funding proposal for Fiscal Year 2012-13 (FY12-13) for submission to the CSA for approval.

C. Assure that the County will adhere to the CSA's contract terms and statutory requirements, participate in the collection of the required data, and use grant funding to supplement and not supplant existing programs.

**Summary Text:**

The use of JJCPA funds continues to address the primary areas of concern regarding at-risk juveniles and juvenile offenders. The 2012 Comprehensive Multi-agency Juvenile Justice Plan (CMJJP) identifies

gangs, substance abuse, mental health issues, and gender-specific services among at-risk juveniles and juvenile offenders as priorities of the local juvenile justice system. Funds provided through the JJCPA remain geared toward these and related issues. The current use of JJCPA funds remains consistent with past years' uses.

The Juvenile Justice Coordinating Council (JJCC), at their April 20, 2012, meeting voted to approve the 2012 CMJJP and to use JJCPA funds to continue to support five (5) Deputy Probation Officer (DPO) positions for the School-Based Officer Program and three (3) DPOs in the Early Intervention (EI) programs. Both programs operate on a countywide basis. JJCPA funds also support an Alcohol, Drug and Mental Health Services clinician to perform mental health assessments on juvenile offenders. The funding of the DPOs and clinician remains consistent with past years. Funding levels for Community-Based Organizations (CBO) providing services to juvenile offenders under JJCPA remain the same as the previous year.

### **Background:**

Assembly Bill 1913 was signed into law on September 7, 2000, as the Schiff-Cardenas Crime Prevention Act. Subsequent legislation renamed it the JJCPA. The JJCPA is a State-funded initiative that supports local programs and services that address crime and delinquency among at-risk juveniles and juvenile offenders. The JJCPA requires the County to establish and maintain a multi-agency JJCC for the purpose of developing, reviewing, and updating a CMJJP that describes the local juvenile justice system and its efforts to address delinquency.

The CMJJP is reviewed annually and revised as necessary by the JJCC, and approved by the Board of Supervisors as required by law for submission to CSA. Although there were no modification to existing JJCC programs, the CMJJP was updated related to current data, related criminal trends, service needs/gaps and strategies to bridge the service level gaps.

County funding under JJCPA was historically used for three core programs: Truancy Mediation, Initial Assessment/First Offender Intervention, and Aftercare Services. Due to reductions in annual JJCPA allocations, the original truancy component was modified and the aftercare component and one Assessor were redirected from this funding source in FY 2008-09; the two remaining Assessors were redirected in FY 2010-11. Probation utilized funds from the Youthful Offender Block Grant (YOBG) to fund the Assessors and the Aftercare component. In addition to JJCPA, the Probation Department utilizes a variety of other funding sources to provide services to at-risk juveniles, juvenile offenders, and their families. These sources include Federal Title IV-E funds, Juvenile Camp and Probation Funding, County General Fund Support, and YOBG funds.

The five School Based Officers (SBOs) serve secondary, continuation, and community school campuses throughout the County, and work closely with school staff and administration. They coordinate their activities with law enforcement School Resource Officers (SRO) and work collaboratively with community-based organizations (CBO) for counseling services and interventions. The SBOs presence on school campuses seeks to deter delinquent acts and foster a safe school environment. The program has enjoyed wide support from school administrators and SROs.

The three EI DPOs supervise caseloads consisting of both formal and informal cases, and coordinate closely with CBOs providing life skills education or individual counseling to juvenile offenders. These caseloads provide most of the supervision efforts geared toward younger, first-time offenders. The

DPOs focus on assisting the entire family which increases parental accountability and involvement in an offender’s treatment and needs.

Family Service Agency, Santa Maria Valley Youth and Family, and Council on Alcohol and Drug Abuse provide individual and family counseling countywide to offenders assigned to either the EI or SBO caseloads. The Community Action Commission provides educational and mentoring services across various social domains.

**Performance Measure:**

The Probation Department tracks and reports 18 performance measures related to the JJCPA. The following are representative of JJCPA outcomes:

Ensure that 85 percent of youth successfully completing the Early Intervention Program have no new arrest for a felony or misdemeanor within six months of program completion. For the 59 youth who successfully exited in FY 2010-2011, 83 percent did not commit a new felony or misdemeanor within six (6) months of program completion. Of those exits, 92 percent were not arrested for a felony offense

Ensure that 90 percent of youth successfully completing the School-Based Officer Program will not be admitted to the Juvenile Hall within six months of program completion. For the 61 youth who successfully exited in FY 2010-2011, only four (4) or 6.5 percent were admitted to Juvenile Hall within six (6) months of program completion.

**Fiscal and Facilities Impacts:**

There are no anticipated facility impacts. The project will continue to use existing facilities owned or operated by the County, CBOs, or schools.

**Fiscal Analysis:**

<b><u>Expenditures</u></b>	<b>FY 2012-13</b>
Probation	\$1,302,769
ADMHS	\$84,549
Community Based Organization	\$230,067
Total Expenditures \$	1,617,385.00

<b><u>Funding Sources</u></b>	<b>FY 2012-13</b>
JJCPA State Grant (12th Year Funds)	\$ 1,213,722
Federal Title IV-E	378,951
ADMHS Medi-Cal Funds for Init. Assmnt/First Offender	24,712
Total Funding \$	1,617,385

Aside from the funding for services provided under the JJCPA, program services are supported by other revenue sources. These include Federal Title IV-E (\$378,951) and Medi-Cal (through ADMHS, \$24,712), and Title IV-E continues to fund Aftercare and Assessors outside of the JJCPA. This funding approach should remain constant in coming years.

The JJCPA budget for FY 2012-13 does not cause the County General Fund contribution to increase.

None
