Dear Supervisors,

I have visited Jamala Beach for surfing and beach access since the late 1980s. I remember the days of parking along the road to check the surf or to access the beach by trail, just hoping that we would not get a ticket. The offer of 36 acres to complete the Park should be accepted as soon as possible, as many people (including myself) would like to legally park along the top of the bluff to enjoy the spectacular views. The existing park is great, but the additional acreage that is being offered will turn Jalama into a true jewel.

Thank you very much.

Sincerely,

Jessica Altstatt

Dear County Supervisors,

I spend much time outdoors, walking, hiking, and enjoying our incredibly beautiful landscape. As a taxpaying resident of the county, I want to tell you that I support the County expanding Jalama County Beach Park. The County should accept the 36 acres offered to address historic coastal zone violations on Cojo/Jalama Ranch. Please direct staff to process the offer as soon as possible, and enhance public use of Jalama County Park.

Thank you,

**Caution: This email originated from a source outside of the County of Santa Barbara. Do not click links or open attachments unless you verify the sender and know the content is safe.**

Dear County Supervisors,

I have been a Santa Barbara County resident since 1988, and a UCSB grad student long before that. I frequent all of our wonderful parks in Ventura and Santa Barbara Counties: National and State, as well as those administered by the counties. It is obvious to me that our county parks are unique because they are very popular with we locals to a much greater degree than are the National and State Parks. This is true of Jalama County Beach Park, just as it is of Goleta County Beach Park, close to where I now reside. Please accept the 36 acres of beach land available for County acquisition and attachment to Jalama County Beach Park that is a pending matter now..

This acquisition looms especially important to our county now as the forces of nature seem to be taking our beloved Goleta County Beach Park away from us, and depositing it's sands back into the sea. Thank you.

Respectably yours,

Paul Petrich Jr. 945 Ward Dr. #78. Santa Barbara, CA. 93111. Channel Islands Naturalist Corps Volunteer. "2013 National Marine Sanctuary Foundation Volunteer of the Year".

Honorable County Supervisors,

I strongly support expansion of Jalama County Beach Park. The County must accept the 36 acres offered to the citizens of Santa Barbara County to remediate past coastal zone violations on Cojo/Jalama Ranch.

This is a good deal for everyone. Please proceed quickly to accept this rare opportunity to help preserve additional acreage on the Gaviota Coast.

Thank you for your consideration.

Respectfully,  
Linda Brophy

Hello Supervisors,

Please take the time and whatever actions are necessary to accept the land donation in a rapid fashion for Jalama Beach Park and integrate it into the existing park for the entire region to enjoy.

Thanks for your time,

Dear Board of Supervisors,

Please accept the 36 acre land donation to be added to Jalama Beach County Park.

This is a priceless gift to the public that we can then protect and enjoy.

Beach parks are nearly always full.

I went to a County Parks Commission meeting on Thursday, January 24, 2019.  
It would seem that revenues are up in many of our parks that have camping.
