Re: Lompoc Wind Energy Project  
Acciona's support of contract amendment

Dear Mr. Drude:

This letter is to inform you of Acciona Wind Energy's support of the County of Santa Barbara's contract amendment for the Lompoc Wind Energy Project EIR to include an analysis of the alternative powerline route.

Acciona requests that the County evaluate this amendment, which is designed to reduce the significant visual impacts associated with obtaining the California Public Utilities Commission permit.

We sincerely appreciate the staff's help in fine-tuning the proposed scope-of-work to significantly reduce the overall cost. Throughout this project, the staff has been very supportive and we are thankful for their hard work. If you have any questions, please feel free to contact me at 858-793-5104.

Sincerely,
