RE: Crown Castle

Dear Supervisors,

We live at 2395 Bella Vista Drive. There are three utility poles along our property, including one at the entry to our driveway. The poles and wires are an unsightly impediment to an otherwise spectacular view. We are opposed to the Crown Castle proposal to install more wires and antennas etc. along our property.

We are in the process of having the poles removed and the wires buried underground. A survey of our property on Bella Vista has been completed and non-refundable engineering fees have been paid for the purpose of removing four poles, aerial cables and associated support structures along Bella Vista Drive.

Please don't allow Crown Castle to install more wires, vaults, antennas etc. We strongly urge you to support our neighborhood by requiring Crown Castle to work with us and with our neighbors in a joint project that would benefit everyone.

Thank you for your consideration,

Jon and Kate Gura
