SCOPE OF WORK – WORK TO BE PERFORMED

A. PLANS AND GENERAL COMPLIANCE REQUIREMENTS

1. The Grantee shall submit an official copy of a Resolution/Order from the governing board or executive officer of the local entity which by law has authority to enter into this Agreement and has the authority to execute the Agreement. If there is not a governing body to sign an official Resolution/Order authorizing an entity to participate in the grant program, a Letter of Approval signed by the Executive Officer, or equivalent, shall be submitted.
2. The Grantee certifies that it shall complete this Project no later than the end of the term of this agreement. It acknowledges that this condition is a material condition of the Agreement.
3. The Grantee shall submit required information to the Division of Boating and Waterways (DBW) at QZGrants@parks.ca.gov.
4. Any detection of quagga or zebra (dreissenid) mussels (adult or veliger) shall be reported immediately to DBW and the California Department of Fish and Wildlife (CDFW). The CDFW representatives to notify are Martha Volkoff, Environmental Program Manager, at Martha.Volkoff@wildlife.ca.gov, and the appropriate CDFW regional scientist at: <https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=4955&inline=1>. If detection is confirmed to be quagga or zebra mussels, DBW and CDFW shall be notified immediately and this Agreement shall be terminated.
5. **EARLY-DETECTION MUSSEL MONITORING:** Grantee shall conduct early-detection mussel monitoring for quagga and zebra mussels during the term of this agreement to substantiate that the reservoir(s) continue to be uninfested and report the data to DBW in accordance with the schedule in Table 1 (Part A, Section 1, number 4 and Part B, Section 2, Reports). Early-detection monitoring methods used are based on average dissolved calcium concentration measurements (mg/L) at the given reservoir. The three accepted methods for early-detection monitoring for quagga and zebra mussels include plankton sampling (appropriate to detect larval life stage), surface surveys (to detect adult life stage), and artificial substrates (to detect adult life stage). Surface surveys utilize existing surfaces (docks, mooring lines, rocks, etc.), and can be used to monitor for adult mussels either alone, or in combination with artificial substrates when suitable hard surfaces are not present. In the case of exceptional circumstances, such as with the COVID-19 stay-at-home orders or natural disaster evacuations etc., causing the below method and frequency to be infeasible, DBW will consider revised methods and frequencies.
 - a. **METHOD AND FREQUENCY OF EARLY-DETECTION MUSSEL MONITORING:**
 - i. CDFW has determined your reservoir(s) to be "High calcium level" based on your reservoir Calcium levels ($\text{Ca}^{++} > 24 \text{ mg/L}$). Based on this determination, the following methods and frequency of monitoring are required:
 - Plankton tows twice per month when water temperature is 16-24 °C (61 -75 °F), and once per month when water temperature is 12-16 °C (54-61 °F) or 24-28 °C (75-82 °F).

- Surface surveys (and/or artificial substrates if absence of existing surfaces), checked at least once per month, monitored at locations where introductions are most likely to occur and be detected.
- b. **EARLY-DETECTION MUSSEL MONITORING PROTOCOL:** Each early detection monitoring effort shall be documented in writing. Protocols and datasheets have been developed by CDFW, and are recommended, however not required. These protocols are available on CDFW's website, and CDFW regional scientists are available to assist with monitoring site selection and training. Regional scientist contacts: <https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=4955&inline>.
- Plankton protocol: <https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=4954&inline>
Surface survey protocol: <https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=4948&inline>
Artificial substrate protocol: <https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=4953&inline>
- If using a protocol and datasheet other than CDFW's, the following information shall be included for each monitoring event:
- i. Reservoir name.
 - ii. Reservoir county.
 - iii. Sampling date.
 - iv. Sampling sites within the reservoir(s) located by geographic coordinates (i.e., latitude and longitude).
 - v. Name and contact information of person who conducted the sampling.
 - vi. Sampling method (e.g., plankton tow, artificial substrate, or surface survey).
 - vii. Sampling protocol used (i.e., reference to the document that described the methodology used).
 - viii. Results of field sampling (i.e., presence or absence of dreissenid mussels) and laboratory analyses (i.e., positive or negative).
 - ix. In addition, information specific to each method reported shall include, as applicable:
 - (a) Plankton tows:
 - 1) Tow volume,
 - 2) Preservation method and preservative used,
 - 3) Method of analysis (Cross-Polarized Light Microscopy (CPLM) and/or polymerase chain reaction (PCR) analysis), and
 - 4) Name and contact information of the person/entity who analyzed the samples.
 - (b) Artificial substrate - surface area inspected.
 - (c) Surface surveys - linear distance and type of surfaces inspected.
6. If this Project includes one or more of the following tasks: boater inspections, ramp monitor contacts, and/or decontaminations, then the data collected from these activities must be submitted to DBW in accordance with the schedule in Table 1 (Part A, Section 1, number 5 and Part B, Section 2, Reports).
7. If public agency approvals, entitlement or permits are required, such approvals, entitlements or permits must be obtained, and signed copies must be submitted to DBW before work begins. If the Project is carried out on lands not owned by the Grantee, the

Grantee must obtain adequate rights of way for the useful life of the Project and submit the rights-of-way documentation to DBW.

8. State Disclosure Requirement – Include the following statement in any document, publication, educational sign, or outreach material that promotes QZ infestation prevention, education, and/or the Clean, Drain, and Dry message, funded by this Agreement:

“Funding of this project has been provided in full or in part through an agreement with the California State Parks Division of Boating and Waterways (DBW). The contents of this [insert document, as applicable] do not necessarily reflect the views and policies of DBW, nor does mention of trade names or commercial products constitute endorsement or recommendation of their use.”

9. Signage instructions - The Grantee shall place a sign in a prominent location on the Project site, if applicable, or at the Grantee's headquarters.

- a. The sign shall include the following logo, available from DBW:

- b. The following disclosure statement shall be used:

“Funded by California State Parks Division of Boating and Waterways. Operated and maintained by _____”

“For more information about (insert agency name) Quagga and Zebra Mussel Prevention, visit (insert URL).”

- c. The Project sign may include another agency's required promotional information so long as the DBW logo and disclosure statement are equally prominent on the sign. The sign must be approved by DBW at the draft stage, before printing and installation, and must be installed with a photo provided as proof, with the Annual Report, see schedule in Table 1 (Part A, Section 1, number 1, and Part B, Section 2, Reports). The DBW may provide signage samples, accepted styles, graphics and/or designs.
- d. Required contents of the sign (logo and statement) shall be posted on the Grantee's website or on any of the Grantee's web page(s) associated with the Project.
- e. The sign must be maintained in good condition throughout the term of the Agreement.
- f. For returning QZ Grantees, previously DBW-approved “funded by” signage may be used if it is in good condition (and not faded, vandalized, weathered). Signage is subject to DBW approval.
10. The Grantee shall also include in each of its contracts for work under this Agreement a provision that work performed by subcontractors will also meet the signage and language requirements listed in paragraphs 8 and 9 above.

B. PROJECT – SPECIFIC REQUIREMENTS

1. The Grantee shall insert a detailed and Project-specific scope of work, which is approved by DBW. The scope must be consistent with the proposed scope contained in the application and any required revisions identified by DBW during the review process. All requirements included in this grant agreement are to be met, whether or not the grantee included it in their project-specific scope of work.
2. The Grantee shall construct a survey plan and a survey to gauge public (waterway users) knowledge of QZ mussels, mussel free stickers, infestation, and the “Clean, Drain and Dry” message. A draft survey plan must be submitted to DBW for approval prior to implementation, and should include sample questions, timing, content, distribution, and collection methods. Both the DBW approved survey plan and survey results shall be submitted to DBW when the annual report and draft final report are due, per Table 1 (Part A, Section 2, Outreach Survey, number 1, and Part B, Section 2, Reports). A sample survey plan and a sample survey are located on DBW webpage at <https://dbw.parks.ca.gov/QZGrant> under “Grantee Resources.”
3. The Grantee must participate in at least three (3) community outreach events; either in-person events such as boating events, boat shows, fishing events and tournaments etc., or virtual events to educate the public about the effects of a QZ mussel infestation, prevention methods, and resources available to prevent a QZ mussel infestation. Representative outreach events are listed in Table 1 (Part A, Section 2, Outreach Events). Virtual events, if utilized, must still include counts/metrics of boaters/public served. Grantee must include in quarterly progress reports the number of personal contacts made, number of materials distributed, and photos of the display at the event. Photos of identifiable persons must include signed photo releases. Photos without releases must be labeled “No Release” on the photo or in the file name. All photos become the property of California State Parks once submitted. The Copyright License Agreement (CPA 922A for photographer's permissions), the Visual Media Consent Form (CPA 993 for photo permission from identifiable people), and a sample outreach event template are located on the DBW webpage at <https://dbw.parks.ca.gov/QZGrant> under “Grantee Resources.”

If funds were granted for media buys, education and outreach materials, and/or signage (such as print, digital, social media, TV billboards, or radio advertisements) the content and distribution must be approved by DBW in advance of purchase. These materials must be submitted to DBW for review in accordance with the schedule listed in Table 1 (Part A, Section 1, number 9).

4. The Grantee may use the decontamination, cleaning, and surveying protocols; as well as training and guidance documents/tools designated by the CDFW, Invasive Species Program. These protocols are available at <https://www.wildlife.ca.gov/Conservation/Invasives/Quagga-Mussels> under “Decontamination, Cleaning & Surveying Protocols” “Guidance Documents” and “Training” on the CDFW, Invasive Species webpage. If other protocols are used, instead of the CDFW protocols, these protocols are required to be submitted to DBW for review prior to use.

INVOICING, BUDGET DETAIL AND REPORTING PROVISIONS

A. INVOICING

1. Invoices shall be submitted using the "Payment Request – QZ Infestation Prevention Grant Program" form (DPR 756), hereinafter referred to as Payment Request provided at: <https://dbw.parks.ca.gov/QZGrant/GranteeResources>. The attachments to the Payment Request must be itemized based on the line items specified in the Budget. The Payment Request and invoices shall be submitted to DBW electronically no more than on a quarterly basis consistent with the reporting schedule in Table 1 (Part B, Sections 1 and 2). The Grant Expenditure Tracking Spreadsheet (GETS) provided by DBW, must be updated, and included with each submission.
2. A Payment Request submitted in any other format other than the Payment Request form will cause the reimbursement claim to be disputed. The DBW will notify the Grantee that the information is being disputed, as applicable. Payment will not be made until the dispute is resolved and a corrected invoice is submitted. The DBW has the responsibility for approving the Payment Request. Reimbursement shall be made only after a complete, adequately supported and properly documented claim is received.
3. Supporting documentation: paid receipts, paid invoices showing zero balance, cancelled checks (with bank's cancelled stamp on back of check copy, proof of Accounting Clearing House (ACH), or electronic transfer showing date, amount, and transaction confirmation number. Subcontracted services, if an approved budget item in this Agreement, must be provided as proof of payment, with each Payment Request. The amount claimed for the Personnel Services line item and Professional and Consultant Services line item must include a calculation formula (i.e., hours, days worked, multiplied by the hourly or daily rate will equal the total amount claimed).
4. Reimbursement for staffing if an approved budget item in this Agreement:
 - a. Staffing will not be reimbursed for time spent enforcing the State's or a local mussel sticker by a law enforcement officer or personnel time enforcing a local mussel sticker by any level of staff.
 - b. Rate changes are acceptable with notification to DBW, however the amount in the Line-Item Budget for each personnel type is the maximum amount allowed to be reimbursed for that personnel type.
 - c. Refer to Exhibit B, Section B for Prohibition of Indirect Costs.
 - d. Seasonal/limited term/temporary staff (i.e., staff that are hired to specifically work on the QZ grant, for the term of the grant): an employee may be reimbursed for their hourly rate for the actual time they work on the grant project, including state and federal taxes. Benefits, as defined by the Grantee's established policy, may be included for reimbursement; however, leave time (e.g., sick leave or vacation time) will not be reimbursed. Costs for overtime are allowed under the Grantee's established overtime policy.

- e. **Salaried/Permanent Staff:** Full-time salaried staff may be reimbursed for the actual time they work on the grant project, including state and federal taxes. Benefits, as defined by the Grantee's established policy may be reimbursed; however, leave time (e.g., sick or vacation time) will not be reimbursed. If a salaried/permanent employee is a supervisor or manager by classification and if they are also doing day to day work on the grant project, they may qualify for reimbursement. Costs for overtime are allowed under the Grantee's established overtime policy.
 - f. **Consultants/Contractors:** Consultants/contractors may be reimbursed for rates related to the project. State and federal taxes and benefits may be included for reimbursement. Benefits, as defined by the consultant/contractor's policy may be reimbursed; however, leave time (e.g., sick leave or vacation time) will not be reimbursed. Costs for overtime are allowed under the consultants/contractor's established overtime policy.
 - i. The DBW reserves the right to request and review any agreements, contracts, or other documentation between the grantee and its subcontractors, consultants, or contractors at any time for the purpose of verifying compliance with the terms of the grant agreement.
5. **Reimbursement for Travel and Per Diem**, is allowed if it is an approved budget item in this Agreement:
- a. **Non-Federal Agency Grantee:** Travel Expenses and per diem for non-federal agency Grantees shall follow the policy established by the State of California for its employees regarding travel reimbursement and shall not exceed the rates paid to Exempt, Excluded, and Represented State of California employees. The rates are posted at: <http://www.calhr.ca.gov/employees/Pages/TravelReimbursements.aspx>. Reimbursement will be at the State travel and per diem amounts that are current as of the date the costs are incurred by the Grantee.
 - b. **Federal Agency Grantee:** Travel Expenses and per diem for federal agency Grantees shall follow the policies of the federal agency requesting the funds regarding travel reimbursement and shall not exceed the established federal rates.
 - c. **Out-of-state travel** is only reimbursable for five (5) or less days to states that border California. Reimbursement for lodging must be reasonable and be demonstrated by three quotes. The mode of travel must be the most cost effective (air versus ground travel). Car rental costs will be for "compact" or "intermediate" categories. Mileage reimbursement will be at the state rate or at the federal rate if the grantee is a federal agency. State rates are posted at: <http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx>. Receipts are required as well as training certificate(s), etc.
6. **Agency Requesting Reimbursement:**
- a. **Non-Federal Agency Grantees** shall not request reimbursement until such cost has been incurred and has been paid by the Grantee.
 - b. **Federal Agency Grantees** may be allowed to have a reimbursement in advance of specific projects tasks. This request must be justified and substantiated by the federal agency and is subject to approval by DBW. If DBW issues an advance, it will be disbursed one task at a time or at a percentage of the total award, not to exceed 25% of the total award before the work is completed. Once an advance has been disbursed for

a task, another advance will not be provided by DBW until the deliverable(s) for the task already disbursed, has been received. All grant advances received by the Grantee shall be paid to the contractors or vendors within thirty (30) days from the receipt of funds. If the Grantee fails to disburse grant funds to the contractors or vendors within thirty (30) days from receipt of the funds, the Grantee shall immediately return such funds to DBW. Interest shall accrue on such funds from the date of disbursement through the date of mailing of funds to DBW. If the Grantee held such funds in interest-bearing accounts, any interest earned on the funds shall be due to DBW.

7. Notwithstanding any other provision of this Agreement, no disbursement shall be required at any time or in any manner which is in violation of, or in conflict with, federal or state laws, rules, or regulations, or which may require any rebates to the Federal Government, or any loss of tax-free status on state bonds, pursuant to any Federal statute or regulation.
8. Notwithstanding any other provision of this Agreement, DBW may withhold all or any portion of the funds provided for by this Agreement if:
 - a. The Grantee has materially violated, or threatened to violate, any term, provision, condition, or commitment of this Agreement; or
 - b. The Grantee fails to maintain reasonable progress toward completion of the Project.
9. Notwithstanding any other provision of this Agreement, the Grantee agrees that DBW shall retain an amount equal to ten percent (10%) of the grant amount specified in this Agreement until DBW has accepted the Project as complete and has approved all Project costs. Any retained amount due to the Grantee will be disbursed to the Grantee, without interest, within 60 days of completion of the Project.
10. The Payment Request includes the following information:
 - a. The date of submission;
 - b. The time period covered by the Payment Request (i.e., the term "from" and "to"), and the corresponding Quarterly Progress Report number.
 - c. The total amount requested; and
 - d. The signature, title, and date of the Grantee's authorized representative.
 - e. The final Payment Request shall be clearly marked "FINAL" and submitted NO LATER THAN 30 days after the term of this Agreement. The final Payment Request shall only include supporting documentation (as described in Exhibit B, Section A, number 3) for work occurring or purchases made during the term of this Agreement, and not after the term expiration. The Grantee may request an extension to the 30 days for submitting the final Payment Request, however unless DBW approves the extension, DBW is not obligated to provide reimbursement for a Payment Request received late.
11. **PURCHASED EQUIPMENT.** "Equipment" means tangible property that has a normal useful life of at least one year and has a unit acquisition cost of at least \$5,000 (e.g., five identical assets which cost \$1,000 each, for a total of \$5,000, would not meet this requirement). Equipment does not include expendable items.

Reimbursement for equipment is allowed if part of an approved budget item in this Agreement:

- a. The grantee shall ensure that adequate competition has been sought by taking all the following steps:
 - i. The Grantee shall openly seek estimates for Equipment.
 - ii. All estimates shall be submitted in writing. If a written estimate is not possible, the grantee shall document any verbal estimate.
 - iii. The Grantee shall make every effort to ensure that three (3) estimates are received prior to the purchase of Equipment. If three (3) estimates are not received, the Grantee shall fully document why three (3) estimates could not be received. Notwithstanding Exhibit C, number 4, Audit, all estimates or documentation shall be retained by the Grantee for a minimum of five (5) years after the final payment and may be subject to an audit.
 - iv. If a certified small business submits an estimate, the business can claim a preference of five (5) percent when submitting, as compared to the lowest responsible proposer who is not a certified small business. (A certified small business is defined as a business certified by the Office of Small Business and DVBE Services.)
- b. The Grantee shall maintain control of all Equipment acquired through this Agreement.
- c. The Grantee shall perform and maintain a physical inventory of all Equipment purchased under this Agreement and reconcile the inventory with the property records at least annually to verify the existence and current utilization under the term of the Agreement.
- d. Equipment shall only be used for its intended purpose for the duration of its useful life.
- e. Grantees shall keep Equipment purchased with grant funds securely stored and are responsible for maintenance, ensuring that the equipment is maintained in proper and safe working order during the life of the Agreement. The DBW is not responsible for maintenance costs. Grantee agrees to repair or replace any equipment purchased under this Agreement if lost, stolen, or damaged during the term of grant.
- f. The DBW may request physical possession of all Equipment if the Grantee defaults on any portion of the Agreement. In such case of default, the Grantee is liable for all costs incurred by DBW in regaining physical possession of Equipment, during the term of the grant, including but not limited to court costs, attorney fees, and delivery costs. If Equipment has been sold or destroyed before its useful life ends, Grantee shall repay DBW the cost of that Equipment or the price it was sold for, whichever is greater.
- g. Grantee assumes ownership of the Equipment upon expiration of the Grant Term, unless the Grantee defaults on any portion of the Agreement. Grantee continues to be responsible for maintenance after the expiration of the Grant Term. Grantee shall also continue to own the Equipment and use it for its intended use, for a minimum of five (5) years after expiration of the grant term and it shall be documented by the Grantee.

Page 14 of 40

12. Nothing herein shall constitute, or be deemed to constitute, an obligation of future appropriations for both the State of California and the Federal Government.

B. PROHIBITION OF INDIRECT COSTS

Grant funds shall not be used for any indirect costs. "Indirect Costs" means those costs that are incurred for a common or joint purpose benefiting more than one cost objective and are not readily assignable to the Project (i.e., cost that are not directly related to the Project). Examples of Indirect Costs include, but not limited to general administration of the Grantee, non-project-specific accounting and personnel services performed within the Grantee organization, depreciation or use allowances on buildings and equipment, the costs of operating and maintaining non-project-specific facilities, tuition and conference fees, and generic overhead or markup. Any invoice submitted including Indirect Costs will cause that invoice, in its entirety, to be disputed and will not be paid until the dispute is resolved. This prohibition applies to the Grantee for work on a Project that will be reimbursed with grant funds pursuant to this Agreement.

C. BUDGET CONTINGENCY CLAUSE

The maximum amount to be encumbered under this Agreement shall not exceed the amount encumbered, as listed on Page 1, under "Certificate of Funding."

Notwithstanding any other provision of this Agreement, if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for this program, this Agreement shall be of no force or effect. This provision shall be construed as a condition precedent to the obligation of DBW to make any payment under this Agreement. In this event, the State shall have no obligation to perform any provision of this Agreement. Nothing in this Agreement shall be construed to provide the Grantee with a right of priority for payment over any other Grantee. If this Agreement's funding for any fiscal year is reduced or deleted by the Budget Act, the State shall have the option to either cancel this Agreement with no liability occurring to the State or offer an Agreement amendment to the Grantee to reflect the reduced amount.

D. BUDGET LINE FLEXIBILITY

1. Line-Item Adjustment(s). Subject to the prior review and approval by DBW, adjustments between existing line item(s) may be used to defray allowable direct costs up to fifteen percent (15%) of the total grant amount including any amendment(s) thereto. If the Line-Item Budget includes an amount for Personnel Services, that amount shall be based on the hours, classification, and rates submitted by the Grantee. Grantee may submit a request for an adjustment to DBW, by submitting a letter on the Grantee's letterhead outlining the requested revisions and providing justification. The adjustment to the budget shall also be outlined by the Grantee on DBW's Grant Expenditure Tracking Spreadsheet in strikethrough and bold format. Such adjustment shall not increase the total grant amount allocated. The DBW may also propose adjustments to the budget.
