COUNTY-SPECIFIC SCOPE AND FUNDING

MHSA Innovation 3 Program – Increasing Access to Mental Health Services and Supports Utilizing a Suite of Technology-Based Mental Health Solutions

CalMHSA will be contracted to provide overall administrative oversight and contract procurement for a multi-county collaborative innovative program to be active for five years (FY 2019/20–2023/24). Procurement will include contract agreements with existing private sector companies providing a variety of technology-based mental health services and supports. Additionally, these services will include a mechanism for access and linkage to traditional behavioral health care within the Santa Barbara County system.

The goal of the collaborative innovative program is to determine whether utilization of a suite of technology-based mental health services and supports through multiple platforms, including mobile devices and computers, provides a greater opportunity for potential new and existing clients to receive necessary supportive services and/or care. Participating counties will have the opportunity to choose all or portions of the suite as their Innovative program. Santa Barbara County will be taking part in the following suite component(s) as its Innovative Program:

- Virtual Peer Chat and Digital Therapeutics
- Virtual Evidence Based Therapy
- Digital Phenotyping using Passive Data
- Community Engagement and Outreach
- Outcomes Evaluation

The goal of the Program is to provide greater access and linkage to technology-based and traditional mental health care and supportive services and better determine mental health care needs through use of technology-based services not previously utilized in the public mental health system. The intended outcomes of providing these supports and services are as follows:

- Initiate and sustain peer-to-peer digital communications with members of each of the three at-risk and/or underserved Target Populations, as defined below;
- Decrease isolation and feelings of hopelessness among individuals in each of the three Target Populations; and
- Reduce negative life events, such as hospitalization, visits to Emergency Rooms and incarceration among members of each of the three Target Populations.

This will be a five (5) year Program.

Innovation Primary Purpose

Overall, the primary purpose of the Program is to increase access to mental health care and support and to promote early detection of mental health symptoms, or even predict the onset of mental illness.

This Program anticipates increasing access to unserved and underserved populations actively utilizing or who have ability to utilize technology-based services. These potential clients may not be able to seek traditional care due to fear, stigma or physical limitations. The Program will serve to reduce stigma associated with mental health care using virtual innovative engagement strategies including social media, care pathways and bidirectional feedback.

Target Population

The free, voluntary mobile Peer to Peer Chat and Digital Therapeutics will be available to interested members of the Target Populations residing in Santa Barbara County. Specifically, the Participant emphasizes the promotion of its adoption and sustained use among three Target Populations:

1. Adults discharged from psychiatric hospitals and/or recipients of crisis services;
2. Transition-age youth who are adults at colleges and universities; and
3. Individuals age 16 and over living in geographically isolated communities.

(Collectively referred to as “Target Populations”.) It is estimated that the number of individuals to be served across the Target Populations is 6,688 individuals over the term of the contract.

Technology-Based Mental Health Solutions

The components of this Program are as follows:

- *Technology Investment in Peer Chat and Digital Therapeutics:* CalMHSA will coordinate Technology-Based Mental Health Solutions to Intervene and Offer Support to the Target Populations in Participant's County. CalMHSA will establish peer chat and digital therapeutics solutions including start-up for technology vendors, development of the technological solutions with vendors, local customization at Participant's request, and licensing/annual fees.
- *Community Engagement and Outreach:* Engaging Users and Promoting Use of Technology-Based Mental Health Solutions. CalMHSA will establish the community engagement and outreach activities including start-up for vendors, development of the community engagement and outreach plan with vendor, local customization at Participant's request, and licensing/annual fees.
- *Outcome Evaluation* – CalMHSA will establish the evaluation including start-up for evaluation vendor, development of the evaluation with vendor, local customization at Participant's request, and licensing/annual fees.

- *CalMHSA Experts* – CalMHSA will act as the program manager including coordinating the program state-wide activities and development of the technology, community engagement and outreach, and outcome evaluation with vendors.

In the event that the request for an accounting is delivered directly to Business Associate or its agents or subcontractors, Business Associate shall within five (5) days of a request forward it to Covered Entity in writing. It shall be Covered Entity's responsibility to prepare and deliver any such accounting requested. Business Associate shall not disclose any Protected Information except as set forth in Sections 2.b. of this BAA [45 C.F.R. Sections 164.504(e)(2)(ii)(G) and 165.528]. The provisions of this subparagraph shall survive the termination of this Agreement.
- j. **Governmental Access to Records.** Business Associate shall make its internal practices, books and records relating to the use and disclosure of Protected Information available to Covered Entity and to the Secretary of the U.S. Department of Health and Human Services (Secretary) for purposes of determining Business Associate's compliance with the Privacy Rule [45 C.F.R. Section 164.504(e)(2)(ii)(H)]. Business Associate shall provide to Covered Entity a copy of any Protected Information that Business Associate provides to the Secretary concurrently with providing such Protected Information to the Secretary.
- k. **Minimum Necessary.** Business Associate (and its agents or subcontractors) shall request, use and disclose only the minimum amount of Protected Information necessary to accomplish the purpose of the request, use, or disclosure [42 U.S.C. Section 17935(b); 45 C.F.R. Section 164.514(d)(3)]. Business Associate understands and agrees that the definition of "minimum necessary" is in flux and shall keep itself informed of guidance issued by the Secretary with respect to what constitutes "minimum necessary."

- n. **Notification of Possible Breach.** During the term of the Agreement, Business Associate shall notify Covered Entity within twenty-four (24) hours of any suspected or actual breach of security, or any access, use or disclosure of Protected Information not permitted by the Agreement or this BAA or unauthorized use or disclosure of PHI of which Business Associate becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. Business Associate shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations. [42 U.S.C. Section 17921; 45 C.F.R. Section 164.504(e)(2)(ii)(C); 45 C.F.R. Section 164.308(b)]
- o. **Breach Pattern or Practice by Covered Entity.** Pursuant to 42 U.S.C. Section 17934(b), if the Business Associate knows of a pattern of activity or practice of the Covered Entity that constitutes a material breach or violation of the Covered Entity's obligations under the Agreement or this BAA or other arrangement, the Business Associate must take reasonable steps to cure the breach or end the violation. If the steps are unsuccessful, the Business Associate must terminate the Agreement or other arrangement if feasible, or if termination is not feasible, report the problem to the Secretary. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems, books, records, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, nor does Covered Entity's (i) failure to detect or (ii) detection, but failure to notify Business Associate or require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement rights under the Agreement or this BAA, Business Associate shall notify Covered Entity within ten (10) days of learning that Business Associate has become the subject of an audit, compliance review, or complaint investigation by the Office for Civil Rights.
- q. **Compliance with HIPAA Workforce Training.** As set forth in section 164.530 of 45 CFR Business Associate is expected to adhere to the Health Insurance Portability and

If return or destruction is not feasible, as determined by Covered Entity, Business Associate shall continue to extend the protections of Section 2 of this BAA to such information, and limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible. [45 C.F.R. Section 164.504(e)(ii)(2)(I)]. If Covered Entity elects destruction of the PHI, Business Associate shall certify in writing to Covered Entity that such PHI has been destroyed.
