Proposed Final Estimate

I. DESCRIPTION

The purpose of this Proposed Final Estimate is to reconcile bid quantities versus actual quantities used. All contract quantity changes are verified jointly by the Contractor and the District, and as listed in the following Final Quantities tabulation. This Proposed Final Estimate constitutes full and complete acceptance for all listed items on the following Final Quantities tabulation, and all known or anticipated requests for change or claim for contract adjustment (time and money).

In additional to reconciliation of actual quantities this Proposed Final Estimate shall incorporate the contract changes listed below (PFECCO). This change order is not effective until approved by the Deputy Director, Water Resources, of the SantaBarbara County Department of Public Works.

Item No. 1 (PFECCO-1 Remove and abandon water main from storm drain trench)
The presence of the abandoned waterline in Valerio Street was not shown on
the plans and needed to be removed in order to install the storm drain. Costs
determined by Force Account.
