Former Facilities Eng. Manager

If you are now, or have ever been employed by the County of Santa Barbara, please list the department in which you worked, your title, and the dates you were employed.

NA

Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I recently retired from my job as Facilities Engineer from Lockheed Martin, and have been actively working on many buildings at Vandenberg AFB. I have been involved with new construction as well as refurbishing existing construction. The Air Force has strict guidelines for architectural compliance that I have had the experience to follow throughout. The opportunity to work on a committee is something that I can bring a lot of expertise to. Because I recently retired, I now have the time to serve.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

My degree is Architectural Engineering from Cal Poly SLO 1997. I have had 21 years of experience with buildings, renovations, design reviews, and facility specifications.
