

Cannabis Odor Ordinance Amendments Local Coastal Program (LCP) Amendment

Board of Supervisors
October 21, 2025

County of Santa Barbara
Planning and Development
Corina Martin

LCP Amendment Certification Process

- March 18, 2025
- Board adoption

- September 11, 2025
- CCC conditional certification

- October 21, 2025
- Board accepts conditional certification

- December 2025 or January 2026
- CCC final certification

Suggested Modification #1

Modifies language to establish a specific implementation deadline for compliance

- Establishes a specific implementation deadline for existing cannabis operators to come into compliance with the cannabis odor threshold and Odor Abatement Plan (OAP) requirements
- Incorporates a March 18, 2026 deadline
- Aligns with one year after Board adoption, or following Coastal Commission certification, whichever date occurs later
- Modifies language to clarify the intent of the implementation deadline

Suggested Modifications #2, 3, & 4

Renumbers and clarifies proposed language to further the intent and ensure consistency

- Renumbers subsections for consistency
- Modifies proposed language to clarify intent

Environmental Review

- CZO Amendments – exempt pursuant to CEQA Guidelines Section 15265

Recommended Actions

- Receive notice of the California Coastal Commission's conditional certification with four suggested modifications
- Adopt a resolution accepting the California Coastal Commission's conditional certification
- Determine project is not subject to CEQA
- Direct P&D to transmit the adopted resolution to the California Coastal Commission
