**Alignment with Board Strategic Plan:**

The recommendations are primarily aligned with Goal No. 2 Ensure the Public Health and Safety and Provide Essential Infrastructure.

**Executive Summary and Discussion:**

These street lighting districts are funded by a combination of property taxes and benefit assessments. For the North County Lighting District, there is also a minor general fund contribution that will continue unless benefit assessments are increased.

**County Service Area 3**

There is no proposed increase to the benefit assessment source of revenue with this action. County Service Area 3 was formed July 23<sup>rd</sup>, 1962 by Ordinance No. 2409. The County Service Area 3 boundaries covers portions of the unincorporated, urbanized area of the Goleta Valley, excluding certain portions of Isla Vista (which are in County Service Area 31) and a small area at east end of Goleta Valley near Los Positas Road. County Service Area 3 provides streetlighting, open space maintenance as well as maintenance of Goleta Beach Park. County Service Area 3 will continue to have a benefit assessment rate of \$8.00 per vacant parcel for a total of \$64,615. The combination of property taxes and benefit assessments will fund anticipated expenditures of \$762,225.

**County Service Area 31**

There is no proposed increase to the benefit assessment source of revenue with this action. County Service Area 31 includes the unincorporated community of Isla Vista, located west of the University of California at Santa Barbara. County Service Area 31 provides 225 street lights. County Service Area 31 will continue to have a benefit assessment rate of \$8.00 per single parcel for a total of \$20,690. The combination of property taxes and benefit assessments will fund anticipated expenditures of \$42,725.

**North County Lighting District**

There is no proposed increase to the benefit assessment source of revenue with this action. The Santa Barbara North County Lighting District was formed by your Board on March 22, 1994 by Resolution 94-14. The consolidated districts were in the unincorporated communities of Casmalia, Orcutt, Los Alamos and the street lighting functions previously budgeted in County Service Area 4, Vandenberg Village, Mission Hills, Onstott Subdivision and County Service Area 5. The North County Lighting District pays for energizing 2,350 streetlights. County Service Area 5 (a portion of the North County Lighting District) will continue to have zone of benefit assessment of \$14.73 per single parcel for a total of \$128,950. The combination of property taxes and a general fund contribution of \$31,725 will supplement the benefit assessments to fund anticipated expenditures of \$430,600.

**Mandates and Service Levels:**

No change in programs or service level if the benefit assessment rates are established for 2003/2004 for, County Service Area 3 and County Service Area 31 and North County Lighting District.

**Fiscal and Facilities Impacts:**

There is no recommended increase to the current zone of benefit assessment for County Service Area 3, County Service Area 31 and North County Lighting District. Property taxes, benefit assessments, and a general fund contribution to North County Lighting District of \$31,725 will meet the anticipated budget for fiscal year 2003/2004.
