Interests & Experiences

Please explain why you are interested in serving, and what experience you bring to the Committee. Attach additional documentation as necessary.

I currently serve on the board of the Democratic Women of Santa Barbara County. I have always believed in serving your community, and I have volunteered with different organizations in Santa Barbara. Given every thing going on in the political world and how hard it is to access food, housing, and health care, I feel called to make a difference in my community. I was not aware of these commissions prior to joining dem women. Once I was made aware, I started making inquiries. Mental health is such an important issue, as we can see everyday driving the streets of Santa Barbara. I would love the opportunity to make a positive impact for people dealing with mental health issues. During college I was a rape crisis counselor for the Fresno rape crisis center. That experience and my the love for my community and fellow man is all the experience I have at this point.

Give any information explaining qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for the above Board, Commission or Committee. Attach additional documentation as necessary.

In college I was trained to work with victims of petty crimes and the offender to come to a resolution, alleviating fear for the victim, allowing the offender to see the person they hurt and make restitution. I was also trained to be a rape crisis counselor and went out on many calls to advocate for the rape victim and be a source of comfort. I am a board member for the The Democratic Women of Santa Barbara County and a docent at the Santa Barbara museum of art.
