

# NOTICE OF EXEMPTION

RECEIVED

**TO:** Santa Barbara County Clerk of the Board of Supervisors

2024 JUN -5 A 9:11

**FROM:** Department of Public Works/Transportation Division  
(Lead Department/Division)

CLERK OF THE BOARD OF SUPERVISORS  
COUNTY OF SANTA BARBARA

Based on a preliminary review of the project the following activity is determined to be exempt from further environmental review requirements of the California Environmental Quality Act (CEQA) of 1970 (Pub. Res. Code Section 21000 et seq.), as defined in the State CEQA Guidelines and County Revised CEQA Guidelines.

**APN(s) Right of Way. Project No.** N/A

**LOCATION:** Fourth Supervisorial District

**PROJECT TITLE:** North County Hardscape Repairs for Fiscal Year 2023-2024; County Project No. 820789; Fourth Supervisorial District

**PROJECT DESCRIPTION:** Construction of this project will complete part of the Capital Maintenance listed in the *FY 23-24 Road Maintenance Annual Plan (RdMAP)*. The project location is in the Fourth District and includes hardscape repairs and constructing new curb ramps at Country Hill Rd and Woodmere Rd, Orcutt. Specific locations are included on the attached Title Sheet (Attachment C). Construction is scheduled to begin in July 2024 and completed by August 2024.

Traffic control will be provided as necessary and delays are anticipated to be less than 10 minutes. Public Works will notify emergency response services and will use construction area signs to notify the traveling public.

Hardscape repairs are necessary before pavement work can be considered on the street as dictated by the Americans with Disabilities Act (ADA). Hardscape repair includes removing and replacing damaged concrete, spandrels, and constructing new curb ramps per ADA and PROWAG guidelines, effective as of September 27, 2023 by the U.S. Access Board.

Name of Public Agency Approving Project: County of Santa Barbara

Name of Person or Agency Carrying Out Project: Public Works Transportation Division

**Exempt Status:** (Check one)

- Ministerial
- Statutory Exemption
- X** Categorical Exemption {15301(c)}
- Emergency Project
- Declared Emergency

**Cite specific CEQA and/or CEQA Guideline Section: 15301(c) Existing Facilities** – Class 1 consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency’s determination. The types of “existing facilities”, itemized below are not intended to be all inclusive of the types of projects which might fall within Class 1. The key consideration is whether the project involves negligible or no expansion of an existing use. Examples include but are not limited to: (c) Existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities (this includes road grading for the purpose of public safety).

**Reasons to support exemption findings:** Consistent with this exemption, this proposed project involves activities related to the repair and maintenance activities for public highway and street facilities. The project allows for a public safety activity designed to maintain a safe working condition of the roadway facilities as they were constructed. Further, there are no unusual circumstances which would create a possibility that there would be a significant effect. Therefore, this project can be found to be categorically exempt from CEQA.

There is no substantial evidence that there are unusual circumstances (including future activities) resulting in (or which might reasonably result in) significant impacts which threaten the environment. The exceptions to the categorical exemptions pursuant to Section 15300.2 of the State CEQA Guidelines are:

**(a) Location. Classes 3, 4, 5, 6, and 11 are qualified by consideration of where the project is to be located -- a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant. Therefore, these classes are considered to apply all instances, except where the project may impact on an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies.**

CEQA Guidelines Section 15301 is a Class 1 exemption; therefore, this exception does not apply.

**(b) Cumulative Impact. All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant.**

The project involves the repair and maintenance of existing facilities to improve public safety. In addition, there are no other identified projects which would contribute to cumulative impacts. Therefore, this exception does not apply.

**(c) Significant Effect. A categorical exemption shall not be used for an activity where there is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances.**

The project involves a routine repair projects to maintain safe roadways for the traveling public. The projects will occur at specific locations where there are no sensitive resources located. Therefore, this exception does not apply.

(d) **Scenic Highways.** A categorical exemption shall not be used for a project which may result in damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. This does not apply to improvements which are required as mitigation by an adopted negative declaration or certified EIR.

The project does not involve a scenic highway or a project which may result in damage to a scenic resource, removal of trees, rock outcropping or similar resource. Therefore, this exception does not apply.

(e) **Hazardous Waste Sites.** A categorical exemption shall not be used for a project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code.

There are no hazardous wastes site locations in the roadway right of way. Therefore, this exception does not apply.

(f) **Historical Resources.** A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource.

The maintenance locations involved are not identified as a historical resource. Therefore, this exception does not apply.

Lead Agency Contact Person: Mostafa Estaji, Deputy Director, Public Works-Transportation Division, Phone: (805) 568-3064.

Department/Division Representative: Kalani Durham, Engineering Environmental Planner/Coordinator.
