

Dear County Supervisors,

SEIU Local 721 members provide critical services to Santa Barbara County's most vulnerable residents. Every day, our members respond to children in need as Child Social Workers, protect the elderly as Adult Protective Social Workers, and connect residents to critical services as Eligibility Workers.

The County's budget must prioritize the essential services our members provide. Already, our members are stretched to their limit. Workers are coping with high caseloads, burnout, and increased workload.

If the County approves layoffs these problems will only get worse and the most vulnerable residents will pay the price.

As you consider next year's budget, we urge you to prioritize the essential services our members provide and pass a zero-layoff budget.

Respectfully,

Member of SEIU Local 721
